

Brussels, 22.2.2019  
C(2019) 1533 final

**COMMISSION DELEGATED DECISION (EU) .../...**

**of 22.2.2019**

**on the tool for applicants to check the status of their applications and to check the period of validity and status of their travel authorisations pursuant to Article 31 of Regulation (EU) 2018/1240 of the European Parliament and of the Council**

(Text with EEA relevance)

## **EXPLANATORY MEMORANDUM**

### **1. CONTEXT OF THE DELEGATED ACT**

In September 2018, the European Parliament and the Council adopted Regulation (EU) 2018/1240, establishing the European Travel Information and Authorisation System (ETIAS)<sup>1</sup>.

That Regulation requires the European Commission to adopt delegated acts for the development and technical implementation of the ETIAS Information System.

In particular, pursuant to Article 31 and 89 of that Regulation, the Commission is delegated the task of defining further the tool to be used by the applicants to check the status of their applications and to check the period of validity and status of their travel authorisations.

### **2. CONSULTATIONS PRIOR TO THE ADOPTION OF THE ACT**

For the purpose of developing the above-mentioned delegated act, an expert group was established. All Member States were presented with an opportunity to nominate experts to participate in the Expert Group on Information Systems for Borders and Security, in accordance with Article 89(4) of Regulation (EU) 2018/1240 and with the principles laid down in the Interinstitutional Agreement of 13 April 2016 on Better Law-Making. As a result, this Commission Decision was developed on the basis of the input given by experts of the Member States in the framework of the above-mentioned expert group. This expert group was consulted a first time on 18 December 2018. The experts were also given the opportunity to provide the European Commission with written comments. A revised version of this Decision, on the basis of the feedback received, was presented to the expert group on 10 January 2019. On that day, the draft was further discussed and updated accordingly, after which the text was considered final by the experts and by the Commission.

In addition, the European Border and Coast Guard Agency, within which ETIAS Central Unit will be established, was consulted.

Furthermore, the European Agency for the Operational Management of Large-Scale IT Systems in the Area of Freedom, Security and Justice ('eu-LISA') advised the Commission regarding the technical needs and feasibility of the measure proposed.

Additionally, the European Data Protection Supervisor was consulted before adoption to ensure the respect of data protection provisions.

### **3. LEGAL ELEMENTS OF THE DELEGATED ACT**

In accordance with Article 31 of Regulation (EU) 2018/1240, a verification tool for applicants to check the status of their applications and to check the period of validity and status of their travel authorisations will be developed. In this respect, the Commission is to adopt a delegated act in order to define further that tool.

The draft Decision conforms to the principle of proportionality. In order to connect to the verification tool, the Decision only requires from the applicant to submit minimum necessary information. Such information is already required by Regulation (EU) 2018/1240.

---

<sup>1</sup> Regulation (EU) 2018/1240 of the European Parliament and of the Council of 12 September 2018 establishing a European Travel Information and Authorisation System (ETIAS) and amending Regulations (EU) No 1077/2011, (EU) No 515/2014, (EU) 2016/399, (EU) 2016/1624 and (EU) 2017/2226 (OJ L 236, 19.9.2018, p. 1).

**COMMISSION DELEGATED DECISION (EU) .../...**

**of 22.2.2019**

**on the tool for applicants to check the status of their applications and to check the period of validity and status of their travel authorisations pursuant to Article 31 of Regulation (EU) 2018/1240 of the European Parliament and of the Council**

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2018/1240 of the European Parliament and of the Council of 12 September 2018 establishing a European Travel Information and Authorisation System (ETIAS) and amending Regulations (EU) No 1077/2011, (EU) No 515/2014, (EU) 2016/399, (EU) 2016/1624 and (EU) 2017/2226<sup>2</sup>, and in particular, Article 31 thereof,

Whereas:

- (1) Regulation (EU) 2018/1240 established a European Travel Information and Authorisation System (ETIAS) as a system for third-country nationals exempt from the requirement to be in possession of a visa when crossing the external borders. It laid down the conditions and procedures to issue or refuse a travel authorisation.
- (2) Applicants for an ETIAS travel authorisation, travel authorisation holders, persons whose ETIAS travel authorisation was refused, revoked or annulled or persons whose ETIAS travel authorisation has expired and have given their consent to retain their data in accordance with Article 54(2) of Regulation (EU) 2018/1240 (further referred to as ‘applicant’) should be able to verify the status of their application and to check the period of validity and status of their travel authorisation.
- (3) This Decision should set out conditions on how applicants can verify the status of their applications and to check the period of validity and status of their travel authorisation using a dedicated tool.
- (4) The verification tool should be accessible through the dedicated public website, the app for mobile devices and through a secure link. This link to the verification tool should be sent to the applicant’s email address when the applicant is notified of acknowledgment of the submission of an application or of the issue, revocation or annulment of a travel authorisation, in accordance with Articles 19(5), 38(1)(a), 42(a) and 44(6)(a) of Regulation (EU) 2018/1240.
- (5) The verification tool should enable confirming the identity of the applicant. It is therefore necessary to set out authentication requirements for accessing the verification tool. Applicants should submit data in order to authenticate themselves. It is also necessary to set out outputs of the verification tool enabling the applicant to verify the status of their application and to check the period of validity and status of their travel authorisation.

---

<sup>2</sup> OJ L 236, 19.9.2018, p. 1-71.

- (6) The communication channels of the verification tool with the ETIAS Central System should be set out. Furthermore, the message format, standards and protocols as well as the security requirements should be established.
- (7) In accordance with Articles 1 and 2 of Protocol No 22 on the position of Denmark, annexed to the Treaty on European Union and to the Treaty on the Functioning of the European Union, Denmark did not take part in the adoption of Regulation (EU) 2017/2226 and is not bound by it or subject to its application. However, given that Regulation (EU) 2018/1240 builds upon the Schengen *acquis*, Denmark notified on 21 December 2018, in accordance with Article 4 of that Protocol, its decision to implement Regulation (EU) 2018/1240 in its national law.
- (8) This Decision constitutes a development of the provisions of the Schengen *acquis* in which the United Kingdom does not take part, in accordance with Council Decision 2000/365/EC<sup>3</sup>; the United Kingdom is therefore not taking part in the adoption of this Decision and is not bound by it or subject to its application.
- (9) This Decision constitutes a development of the provisions of the Schengen *acquis* in which Ireland does not take part, in accordance with Council Decision 2002/192/EC<sup>4</sup>; Ireland is therefore not taking part in the adoption of this Decision and is not bound by it or subject to its application.
- (10) As regards Iceland and Norway, this Decision constitutes a development of the provisions of the Schengen *acquis* within the meaning of the Agreement concluded by the Council of the European Union and the Republic of Iceland and the Kingdom of Norway concerning the latter's association with the implementation, application and development of the Schengen *acquis*<sup>5</sup>, which fall within the area referred to in Article 1, point A of Council Decision 1999/437/EC<sup>6</sup>.
- (11) As regards Switzerland, this Decision constitutes a development of the provisions of the Schengen *acquis* within the meaning of the Agreement between the European Union, the European Community and the Swiss Confederation on the Swiss Confederation's association with the implementation, application and development of the Schengen *acquis*<sup>7</sup>, which fall within the area referred to in Article 1, point A of Council Decision 1999/437/EC, read in conjunction with Article 3 of Council Decision 2008/146/EC<sup>8</sup>.
- (12) As regards Liechtenstein, this Decision constitutes a development of the provisions of the Schengen *acquis* within the meaning of the Protocol between the European Union, the European Community, the Swiss Confederation and the Principality of

---

<sup>4</sup> Council Decision 2002/192/EC of 28 February 2002 concerning Ireland's request to take part in some of the provisions of the Schengen *acquis* (OJ L 64, 7.3.2002, p. 20).

<sup>5</sup> OJ L 176, 10.7.1999, p. 36.

<sup>6</sup> Council Decision 1999/437/EC of 17 May 1999 on certain arrangements for the application of the Agreement concluded by the Council of the European Union and the Republic of Iceland and the Kingdom of Norway concerning the association of those two States with the implementation, application and development of the Schengen *acquis* (OJ L 176, 10.7.1999, p. 31).

<sup>7</sup> OJ L 53, 27.2.2008, p. 52.

<sup>8</sup> Council Decision 2008/146/EC of 28 January 2008 on the conclusion, on behalf of the European Community, of the Agreement between the European Union, the European Community and the Swiss Confederation on the Swiss Confederation's association with the implementation, application and development of the Schengen *acquis* (OJ L 53, 27.2.2008, p. 1).

Liechtenstein on the accession of the Principality of Liechtenstein to the Agreement between the European Union, the European Community and the Swiss Confederation on the Swiss Confederation's association with the implementation, application and development of the Schengen acquis<sup>9</sup> which fall within the area referred to in Article 1, point A of Council Decision 1999/437/EC read in conjunction with Article 3 of Council Decision 2011/350/EU<sup>10</sup>.

- (13) The European Data Protection Supervisor was consulted on 28 January 2019 and delivered an opinion on 8 February 2019,

HAS ADOPTED THIS DECISION:

#### *Article 1*

##### *Access to the verification tool*

1. Applicants for an ETIAS travel authorisation, travel authorisation holders, persons whose ETIAS travel authorisation was refused, revoked or annulled or persons whose ETIAS travel authorisation has expired and have given their consent to retain their data in accordance with Article 54(2) of Regulation (EU) 2018/1240 (further referred to as 'applicant') shall have access to the verification tool.
2. The verification tool shall be accessible via:
  - (a) the dedicated public website;
  - (b) the app for mobile devices referred to in Article 16 of Regulation (EU) 2018/1240;
  - (c) a link provided through the ETIAS email service referred to in point (f) of Article 6(2) of Regulation (EU) 2018/1240. This link shall be sent when the applicant is notified of acknowledgment of the submission of an application or of the issue, revocation or annulment of a travel authorisation, in accordance with Articles 19(5), 38(1)(a), 42(a) and 44(6)(a) of Regulation (EU) 2018/1240.

#### *Article 2*

##### *The two-factor authentication required for access to the verification tool*

1. In order to connect to the verification tool, two-factor authentication shall be used.
2. The first authentication shall consist of entering the following data:
  - (a) travel document number;
  - (b) country of issue of the travel document to be selected from a predetermined list;
  - (c) email address.

---

<sup>9</sup> OJ L 160, 18.6.2011, p. 21.

<sup>10</sup> Council Decision 2011/350/EU of 7 March 2011 on the conclusion, on behalf of the European Union, of the Protocol between the European Union, the European Community, the Swiss Confederation and the Principality of Liechtenstein on the accession of the Principality of Liechtenstein to the Agreement between the European Union, the European Community and the Swiss Confederation on the Swiss Confederation's association with the implementation, application and development of the Schengen *acquis*, relating to the abolition of checks at internal borders and movement of persons (OJ L 160, 18.6.2011, p. 19).

3. The data submitted by the applicant shall be the same as the one provided by them in their application form.
4. The second authentication shall consist of a unique code to be entered into the verification tool to confirm authentication.
5. Upon submission of the information in paragraph 2, the unique code shall be automatically generated and sent to the applicant through the email service referred to in point (f) of Article 6(2) of Regulation (EU) 2018/1240.
6. The unique code shall expire after a short period of time. Sending a new unique code shall invalidate unique codes previously sent to the same applicant.
7. The unique code shall be sent to the same email address provided in the submitted application.
8. The unique code shall be usable only once.

### *Article 3*

#### *Output of the verification tool*

1. Upon authentication for access to the tool, applicants shall view the status of the applications or travel authorisations linked to their travel document number.
2. The verification tool shall provide one of the following status categories per each application or travel authorisation linked to the travel document number:
  - (a) “submitted”;
  - (b) “valid”;
  - (c) “refused”;
  - (d) “annulled”;
  - (e) “revoked”;
  - (f) “expired”.
3. For all valid travel authorisations, the verification tool shall provide the end date of the travel authorisation validity period.
4. In case of limited territorial validity, the applicant shall be informed about the Member State(s) for which the travel authorisation is valid. This information shall be displayed in a prominent place in the verification tool.
5. A disclaimer shall be shown in the verification tool indicating that a valid travel authorisation shall not confer an automatic right of entry or stay as specified in Article 36(6) of Regulation (EU) 2018/1240. This disclaimer shall also invite applicants to consult the Entry/Exit System (EES) web service referred to in Article 13 of Regulation (EU) 2017/2226, which shall be clearly indicated, in order to gain further information on the remaining period of authorised stay.

### *Article 4*

#### *Data extraction requirements*

1. The verification tool shall make use of a separate read-only database updated within a few minutes via a one-way extraction of the minimum subset of data stored in ETIAS necessary to implement the provisions of Articles 2 and 3 of this Decision.

2. eu-LISA shall be responsible for the security of the verification tool, for the security of the personal data it contains and for the process of extracting the personal data into the separate read-only database.

#### *Article 5*

##### *Message format, standards and protocols*

The message format and the protocols to be implemented shall be included in the technical specifications referred to in Article 73(3) of Regulation (EU) 2018/1240.

#### *Article 6*

##### *Specific security considerations*

1. The verification tool shall be designed and implemented to ensure the confidentiality, integrity and availability of processed data and to ensure non-repudiation of transactions. The technical and organisational implementation of it shall meet the requirements of the ETIAS security plan referred in Article 59(3) of Regulation (EU) 2018/1240 and of the rules on data protection and security applicable to the public website and the app for mobile devices referred to in Article 16(10) of Regulation (EU) 2018/1240.
2. The verification tool shall be designed in a way that precludes unlawful access to the verification tool. For this purpose, the verification tool shall limit the number of attempts to access the tool with the same travel document and unique code. The tool shall also include measures to protect against non-human behaviour.
3. The verification tool shall also include time-out measures after some minutes of inactivity.
4. Additional details concerning the confidentiality, integrity and availability of processed data shall be subject of the technical specifications referred to in Article 73(3) of Regulation (EU) 2018/1240.

#### *Article 7*

##### *Logs*

1. The verification tool shall keep activity logs, including:
  - (a) authentication data, including whether the authentication was successful or not;
  - (b) date and time of access.
2. Activity logs of the tool shall be copied to the Central System. They shall be stored for no longer than one year after the end of the retention period of the application file, unless they are required for monitoring procedures which have already begun. After that period, they shall be automatically erased.

Such logs can only be used for the purpose of Article 69(4) of Regulation (EU) 2018/1240.

*Article 8*

This Decision shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.
