Amended Proposal for a  
**COUNCIL REGULATION**  
**establishing a Cohesion Fund**  
(Codified version)

(presented by the Commission pursuant to Article 250 (2) of the EC Treaty)

## EXPLANATORY MEMORANDUM

1. On 16 June 2003, the Commission presented a proposal for a Council Regulation codifying Council Regulation (EC) No 1164/94 of 16 May 1994 establishing the Cohesion Fund<sup>1</sup>.
2. In its opinion of 29 September 2003 the Consultative Working Party of the Legal Services set up under the Interinstitutional Agreement of 20 December 1994 on an accelerated working method for official codification of legislative texts<sup>2</sup> has stated that the above proposal does indeed confine itself to straightforward codification, without any substantive changes to the acts covered by it.
3. In view of the new amendments<sup>3</sup> on the initial proposal referred to in point 1 and of the work already carried out in the Council, the Commission has decided to present – in accordance with Article 250(2) of the EC Treaty – an amended proposal for codification of Regulation (EC) No 1164/94.

This amended proposal also takes account of the purely formal or editorial changes proposed by the Consultative Working Party of the Legal Services, where these are considered justified<sup>4</sup>. This amended proposal also includes Corrigenda to Regulation (EC) No 1264/1999<sup>5</sup>.

4. The changes made in this amended proposal, compared with the initial proposal referred to in point 1, are the following:

*(1) The following paragraphs are added to Article 2:*

- “5. From the date of accession until 31 December 2006 the Czech Republic, Estonia, Cyprus, Latvia, Lithuania, Hungary, Malta, Poland, Slovenia and Slovakia shall also be eligible for assistance from the Fund.
6. For the purposes of applying this Regulation, GNP shall mean GNI for the year at market prices as provided by the Commission in application of the ESA 95 in accordance with Regulation (EC) No 2223/96.”

*(2) In Article 4, the third subparagraph is replaced by the following:*

“From 1 January 2000, total resources available for commitments for Greece, Spain, Portugal and Ireland in the period 2000 to 2006 should be EUR 18 billion at 1999 prices.”

*(3) In Article 4, the following paragraphs are inserted after the fifth paragraph:*

“Total resources available for commitments for the Czech Republic, Estonia, Cyprus, Latvia, Lithuania, Hungary, Malta, Poland, Slovenia and Slovakia in

the period from the date of accession to 2006 should be EUR 7.5905 billion at 1999 prices.

(5) *The following subparagraph is added to Article 11(3):*

“For the Czech Republic, Estonia, Cyprus, Latvia, Lithuania, Hungary, Malta, Poland, Slovenia and Slovakia, expenditure within the meaning of Article 7(1) shall be deemed eligible from the Fund only if incurred after 1 January 2004 provided that all requirements of this Regulation have been fulfilled.”

(6) *The following Article is added after Article 16:*

#### *“Article 16a*

Specific provisions following the accession to the European Union of a new Member State which has benefited from pre-accession aid under the Instrument for Structural Policies for Pre-Accession (ISPA)

1. Measures which, on the date of accession of the Czech Republic, Estonia, Latvia, Lithuania, Hungary, Poland, Slovenia and Slovakia, have been the subject of Commission decisions on assistance under Regulation (EC) No 1267/1999 establishing an instrument for Structural Policies for Pre-Accession<sup>(\*)</sup> and the implementation of which has not been approved by the Commission Regulation. Unless stated otherwise in paragraphs 2 to 5, the provisions governing the implementation of measures approved pursuant to this Regulation shall apply to these measures.

Any procurement procedure relating to a measure referred to in paragraph 1 which has not yet been the subject of an invitation to tender published in the *Official Journal of the European Union* shall follow the rules and provisions referred to in Article 8.

3. The Commission may decide, in duly justified cases, on request from the Member State concerned and only in respect of the annual instalments still to be committed under the general budget, to modify the Community assistance to be granted, taking account of the criteria laid down in Article 7. The modification of the Community assistance shall not affect the part of the measure already covered by a loan signed with the EIB, the European Bank for Reconstruction and Development or another financial institution.

Payments made by the Commission under a measure referred to in paragraph 1 shall be posted to the earliest open commitment made in first instance pursuant to Regulation (EC) No 1267/1999, and then pursuant to this Regulation.

4. For the measures referred to in paragraph 1, the rules governing the eligibility of expenditure pursuant to Regulation (EC) No 1267/1999 shall remain applicable, except in duly justified cases to be decided on by the Commission at the request of the Member State concerned.
5. The Commission may decide, in exceptional and duly justified cases, to authorise specific exemptions from the rules applicable pursuant to this Regulation for the measures referred to in paragraph 1.”

(7) *Article 16a becomes Article 17.*

(8) *Former Articles 17 and 18 become Articles 18 and 19.*

- (3) Article 158 of the Treaty provides for the Community to develop and pursue its actions leading to the strengthening of its economic and social cohesion, and provides in particular that it shall aim at reducing disparities between the levels of development of the various regions and the backwardness of the least-favoured regions. Community action through the Cohesion Fund, hereinafter referred to as “the Fund”, should support the achievement of the objectives set out in Article 158.

- (4) The conclusions of the European Councils held in Lisbon on 26 and 27 June 1992 and in Edinburgh on 11 and 12 December 1992 concerning the establishment of the Fund set out the principles governing it.
- 

↓ 1164/94 Recital (4) (adapted)

- (5) The promotion of economic and social cohesion requires action by the Fund in addition to that taken through the Structural Funds, the European Investment Bank (EIB) and the other financial instruments in the fields of the environment and transport infrastructure of common interest.
- 

↓ 1164/94 Recital (5) (adapted)

- (6) The Protocol on economic and social cohesion annexed to the Treaty reaffirms the Community's task of promoting economic and social cohesion and solidarity between Member States and specifies that a Cohesion Fund will provide a financial contribution to projects in the fields of the environment and trans-European networks in the Member States subject to two conditions: firstly that they have a per capita gross national product (GNP) of less than 90% of the Community average and secondly that they have a programme leading to the fulfilment of the conditions of economic convergence as set out in Article 104 of the Treaty. The relative prosperity of Member States is best assessed on the basis of per capita GNP, measured in purchasing power parities.
- 

↓ 1164/94 Recital (6) (adapted)

- (7) Meeting the convergence criteria calls for a continuous and determined effort from the Member States concerned. In this context, all of the beneficiary Member States are to submit to the Council a convergence programme or stability programme designed for that purpose and to avoid excessive government deficits.

---

↓ 1264/1999 Art. 1 point 1(a)

- (8) With regard to the economic convergence criterion, the current macroeconomic conditionality provisions will continue to apply. Accordingly, no new projects or new project stages shall be financed by the Fund in a Member State in the event of the Council, acting by qualified majority on a recommendation from the Commission, finding that the Member State has not respected the Stability Growth Pact.

---

↓ 1264/1999 Art. 1 point 1(b)

- (9) The provisions to speed up and clarify the excessive deficit procedure, having as its objective to deter excessive general government deficits and, if they occur, to further their prompt correction were set out in Council Regulation (EC) No 1467/97<sup>6</sup>.

---

↓ 1264/1999 Art. 1 point 1(d)

- (10) Provision should be made, in conjunction with the fulfilment of the conditions of economic convergence as set out in Article 104 of the Treaty and with the need for sound management of the government deficit, for a form of conditionality in the granting of financial assistance. In that context, compliance with the obligations arising from the Treaty must also be assessed having due regard to the guidelines adopted in the Resolution of the European Council of 17 June 1997 on the Stability and Growth Pact<sup>7</sup> and the concept of excessive deficit is to be interpreted in the light of that Resolution. For each participating Member State, macroeconomic conditionality should be assessed taking account of the responsibilities of that Member State in respect of the stability of the euro.

Any eligible Member State whose GNP exceeds the 90 % threshold at that time shall lose its entitlement to assistance from the Fund for new projects or, in the case of important projects split into several technically and financially separate stages, for new stages of a project.

#### **Checks**

---

↓ 1265/1999 Art. 1 point 7

1. The Commission and the Member State shall on the basis of bilateral administrative arrangements co-operate to co-ordinate plans, methods and implementation of checks so as to maximise the usefulness of those carried out. They shall immediately exchange the results of the checks carried out. At least once a year the following shall be examined and evaluated:

- (a) the results of the checks carried out by the Member State and the Commission;
- (b) any comments made by other national or Community control bodies or institutions;
- (c) the financial impact of the irregularities noted, the steps already taken or still required to correct them and, where necessary, adjustments to the management and control systems.

Following this examination and evaluation and without prejudice to the measures to be taken immediately by the Member State under Article H, the Commission may make observations, particularly regarding the financial impact of any irregularities detected. These observations shall be addressed to the Member State and the designated authority of the project concerned. The observations shall be accompanied, where necessary, by requests for corrective measures to remedy the management shortcomings found and correct those irregularities detected which have not already been corrected. The Member State shall have the opportunity to comment on these observations.

Where following or in the absence of comments of the Member State the Commission adopts conclusions, the Member State shall take the necessary steps within the deadline set to comply with the Commission's request and inform the Commission of its actions.

2. Without prejudice to this Article, the Commission may suspend all or part of an interim payment if it finds that the expenditure concerned is linked to a serious irregularity. The

Commission shall inform the Member State concerned of the action taken and the reasons for it.

3. For a period of three years, unless otherwise decided in the bilateral administrative arrangements, following the payment by the Commission of the final balance in respect of a project, the responsible body and authorities shall keep available for the Commission all the supporting documents (either the originals or versions certified to be in conformity with the originals on commonly accepted data carriers) regarding expenditure and checks on the project concerned.

This period shall be interrupted either in the case of legal proceedings or at the duly substantiated request of the Commission.

#### **Financial corrections**

1. If, after completing the necessary verifications, the Commission concludes that:

- (a) the implementation of a project does not justify either part or the whole of the assistance granted to it, including a failure to comply with one of the conditions in the decision to grant assistance and in particular any significant change affecting the nature or conditions of implementation of the project for which the Commission's approval has not been sought; or
- (b) there is an irregularity with regard to assistance from the Fund and that the Member State concerned has not taken the necessary corrective measures,

the Commission shall suspend the assistance in respect of the project concerned and stating its reason, request that the Member State submits its comments within a specified period of time.

If the Member State objects to the observations made by the Commission, the Member State shall be invited to a hearing by the Commission, in which both sides make efforts to reach an agreement about the observations and the conclusions to be drawn from them.

2. At the end of the period set by the Commission, the Commission shall, subject to the respect of due procedure, if no agreement has been reached within three months, taking into account any comments made by the Member State, decide to:

- (a) reduce the payment on account referred to in Article D(2); or
- (b) make the financial corrections required. This shall mean cancelling all or part of the assistance granted to the project.

These decisions shall respect the principle of proportionality. The Commission shall, when deciding the amount of a correction, take account of the type of irregularity or change and the extent of the potential financial impact of any shortcomings in the management or control systems. Any reduction or cancellation shall give rise to recovery of the sums paid.
