(presented by the Commission)

EXPLANATORY MEMORANDUM

1) CONTEXT OF THE PROPOSAL

- **Grounds for and objectives of the proposal**

In October 1996, the Council granted the Commission a mandate to negotiate a multilateral agreement with the then candidate countries as well as Iceland and Norway. The reason for such a mandate was to open up markets between Europe and its neighbours, so that a "European Common Aviation Area" (ECAA) between the Community and third countries follow the same pattern as the internal market itself:

- Full market opening in terms of access, capacity and fares and freedom of establishment without nationality clauses (on a reciprocal basis),
- Alignment with Community legislation on issues such as safety, security and air traffic management.

The negotiations with the then candidate countries were discontinued in 2002, in view of impending accession. The extension of the mandate to the Balkan region in December 2004 was an important step forward and will help these parties to come closer to the EU in this sector of key economic importance.

- **General context**

The text of the multilateral agreement was accepted by Albania, Bosnia and Herzegovina, Bulgaria, Croatia, the European Community, Iceland, the former Yugoslav Republic of Macedonia, Norway, Serbia and Montenegro, Romania and the United Nations Interim Administration Mission in Kosovo during the final round of negotiations on 20 December 2005.

The outcome of these negotiations constitutes significant and valuable progress. The level of regulatory convergence is unprecedented, as all 8 Western Balkan partners or "ECAA partners" have accepted to align their national aviation legislation to the complete aviation acquis of the Community. Harmonised rules in Europe will create a common, free and safe air transport market, which can be a driving force for other sectors and contribute to the development of the whole region, benefiting consumers and industry alike. This a major step forward where air transport will play a key role in putting impetus on the political and economic integration of Europe.

- **Existing provisions in the area of the proposal**

Air service agreements between the Member States and the ECAA Partners will be superseded by the Agreement.

- **Consistency with the other policies and objectives of the Union**

The ECAA was expressly designed as an open framework accessible for European countries which wish to fully integrate into the European aviation family and to fit into the Neighbourhood Policy of the Community.

2) CONSULTATION OF INTERESTED PARTIES AND IMPACT ASSESSMENT

- **Consultation of interested parties**

Consultation methods, main sectors targeted and general profile of respondents

Special Committee, Industry Consultative Forum. Sector: air transport. Respondents: Member States, airlines, airports, and their associations.

Summary of responses and how they have been taken into account

General support; policy and legislative proposals taken into account when negotiating with the ECAA partners.

- **Collection and use of expertise**

Scientific/expertise domains concerned

air transport

Methodology used

Assessment Reports on the air transport sector of each Western Balkan partner

Main organisations/experts consulted

independent experts of Member States

Summary of advice received and used

The existence of potentially serious risks with irreversible consequences has not been mentioned.

Market opening will be linked with regulatory convergence i.e. the ECAA Partners implementing the Community aviation acquis setting very high standards for aviation safety, security, environmental and consumer protection, competition etc.

Means used to make the expert advice publicly available

Assessment Reports shared with Member States and stakeholders.

- **Impact assessment**

Assistance program for the Western Balkan partners to help them implement the Community aviation acquis.

No other options considered as appropriate.

3) LEGAL ELEMENTS OF THE PROPOSAL

- **Summary of the proposed action**

The text has been significantly simplified since it was first negotiated in 1996 with the then ten candidate countries. For instance, competition issues will now be dealt with through the Stabilisation and Association process.

A common, "multilateral main text" forms the basis of the ECAA, which is applicable to all signatories. To this common text are added a series of Protocols accommodating for specific needs of each country joining the ECAA, including the appropriate transitional arrangements. Finally, the Annex to the agreement lists the Community aviation acts that will become applicable within the ECAA.

- **Legal basis**

EC Treaty Art. 80(2), 300(2), 300(4)

- **Subsidiarity principle**

The proposal falls under the exclusive competence of the Community. The subsidiarity principle therefore does not apply.

- **Proportionality principle**

The proposal complies with the proportionality principle for the following reason(s).

The ECAA Agreement is a multilateral aviation agreement which will supersede to a large extent bilateral air service agreements between the Member States and the ECAA partners. However, Member States will remain able to introduce safeguard measures where necessary.

The Agreement will be administered by a Joint Committee of the Parties. One or two meeting per year is foreseen.

- **Choice of instruments**

Proposed instruments: international agreement.

The Council is requested to adopt the Decisions on the signature and provisional application, and on the conclusion of the Agreement.

4) BUDGETARY IMPLICATION

The proposal has no implication for the Community budget.

5) ADDITIONAL INFORMATION

- **Simplification**

The proposal provides for simplification of legislation.

The several bilateral air service agreements between Member States and the ECAA Partners will be to a large extent substituted by one single Community agreement.

- **Detailed explanation of the proposal**

Proposals (1) for a Council decision on the signature and provisional application of the Multilateral Agreement between the Republic of Albania, Bosnia and Herzegovina, the Republic of Bulgaria, the Republic of Croatia, the European Community, the Republic of Iceland, the former Yugoslav Republic of Macedonia, the Kingdom of Norway, Serbia and Montenegro, Romania and the United Nations Interim Administration Mission in Kosovo on the Establishment of a European Common Aviation Area (ECAA) and (2) for a Council decision on the conclusion of the ECAA Agreement.

EMPHASISING that, subject to transitional arrangements where necessary, the rules concerning market access of air carriers should exclude limitations on frequencies, capacity, air routes, type of aircraft or similar restrictions under bilateral air transport agreements or arrangements, and that air carriers should not be required to enter into commercial agreements or similar arrangements as a condition to market access;

EMPHASIZING that air carriers should be treated in a non-discriminatory manner regarding their access to air transport infrastructures especially where these infrastructures are limited;

An ECAA Partner may, by decision and in accordance with Annex IV, stipulate as to what extent and according to what modalities its courts and tribunals shall apply this provision. make a reference to the Court of Justice of the European Communities, any judgement of such court shall be transmitted by such a Contracting Party to the Joint Committee which shall act so as to preserve the homogeneous interpretation of this Agreement. If the Joint Committee, within two months after a difference between the case law of the Court of Justice of the European Communities and a judgement of a court of such a Contracting Party has been brought before it, has not succeeded to preserve the homogeneous interpretation of the Agreement, the procedures laid down in Article 20 may be applied.

2. As soon as a Contracting Party has adopted new legislation or an amendment to its legislation it shall inform the other Contracting Parties via the Joint Committee not later than one month after the adoption. Upon the request of any Contracting Party, the Joint Committee shall within two months thereafter hold an exchange of views on the implications of such new legislation or amendment for the proper functioning of this Agreement.
3. The Joint Committee shall:
 - a) either adopt a decision revising Annex I of this Agreement so as to integrate therein, if necessary on a basis of reciprocity, the new legislation or amendment in question; or
 - b) adopt a decision to the effect that the new legislation or amendment in question shall be regarded as in accordance with this Agreement; or
 - c) decide any other measures to safeguard the proper functioning of this Agreement.
4. As regards the legislation which has been adopted between the signing of this Agreement and its entry into force and of which the other Contracting Parties have been informed, the date of referral shall be taken as the date on which the information was received. The date on which the Joint Committee shall reach a decision may not be earlier than sixty days after the entry into force of this Agreement.

Joint Committee

Article 18

1. A Joint Committee is hereby established which shall be responsible for the administration of this Agreement and shall ensure its proper implementation, without prejudice to Article 15(2) and (3) and Articles 21 and 22. For this purpose it shall make recommendations and take decisions in the cases provided for in this Agreement. The decisions of the Joint Committee shall be put into effect by the Contracting Parties in accordance with their own rules.
2. The Joint Committee shall consist of representatives of the Contracting Parties.
3. The Joint Committee shall act by consensus. However, the Joint Committee may decide to lay down a majority voting procedure for certain specific issues.
4. For the purpose of the proper enforcement of this Agreement, the Contracting Parties shall exchange information, *inter alia*, on new legislation or decisions taken of relevance for this Agreement, and, at the request of any Party, shall hold consultations within the Joint Committee, including on social issues.
5. The Joint Committee shall adopt its own rules of procedure.
6. An ECAA Partner or the European Community shall preside in turn over the Joint Committee in accordance with the arrangements to be laid down in its rules of procedure.
7. The chairman of the Joint Committee shall convene meetings of that Committee at least once a year in order to review the general functioning of this Agreement and whenever special circumstances so require, at the request of a Contracting Party. The Joint Committee shall keep under constant review the development of the case law of the Court of Justice of the European Communities. To this end the European Community shall transmit to the ECAA Partners all judgements of the Court of Justice of the European Communities relevant for the functioning of the Agreement. The Joint Committee shall act within three months so as to preserve the homogeneous interpretation of the Agreement.
8. The Joint Committee may decide to set up any working party that can assist it in carrying out its duties.

Article 19

1. A decision of the Joint Committee shall be binding upon the Contracting Parties. Whenever a decision taken by the Joint Committee contains a requirement for action to be taken by a Contracting Party, the said Party shall take the necessary measures and inform the Joint Committee thereof.
2. The decisions of the Joint Committee shall be published in the Official Journals of the Contracting Parties. Each decision shall state the date of its implementation by the Contracting Parties and any other information likely to concern economic operators.

Dispute settlement

Article 20

1. A Contracting Party may bring a matter under dispute which concerns the application or interpretation of this Agreement before the Joint Committee, except where specific procedures are set out in this Agreement.
2. When a dispute has been brought before the Joint Committee under paragraph 1, immediate consultations shall be held between the parties to the dispute. In cases where the European Community is not a party to the dispute, a European Community representative may be invited in the consultations by one of the parties to the dispute. The parties to the dispute may draw up a proposed solution which shall immediately be submitted to the Joint Committee. Decisions taken by the Joint Committee under this procedure shall not affect the case law of the Court of Justice of the European Communities.
3. If the Joint Committee after four months from the date when the matter has been brought before it has not succeeded to take a decision resolving the dispute, the parties to the dispute may refer the dispute to the Court of Justice of the European Communities whose decision thereon shall be final and binding. The modalities according to which such referrals may be made to the Court of Justice of the European Communities are set out in Annex IV.
4. If the Joint Committee does not take a decision on an issue which has been referred to it within four months, the Contracting Parties may take appropriate safeguard measures in accordance with Articles 21 and 22 of this Agreement for a period not exceeding six months. After this period each Contracting Party may denounce the Agreement with immediate effect. A Contracting Party shall not take safeguard measures on a matter which has been referred to the Court of Justice of the European Communities in accordance with this Agreement, except in cases defined in Article 11(3) or in compliance with mechanisms provided for in individual acts specified in Annex I.

Safeguard measures

Article 21

Without prejudice to Article 11(3) and the safety and security assessments mentioned in the Protocols to this Agreement, safeguard measures shall be restricted with regard to their scope and duration to what is strictly necessary in order to remedy the situation. Priority shall be given to such measures as will least disturb the functioning of this Agreement.

2. The Contracting Parties or the EC Member States shall immediately enter into consultations in the Joint Committee with a view to finding a commonly acceptable solution.
3. Without prejudice to Article 11(3), the Contracting Party or the EC Member State concerned may not take safeguard measures until one month has elapsed after the date of notification under paragraph 1, unless the consultation procedure under paragraph 2 has been concluded before the expiration of the stated time limit.
4. The Contracting Party or the EC Member State concerned shall, without delay, notify the measures taken to the Joint Committee and shall provide all relevant information.

Disclosure of information

Article 23

Article 24

1. The Contracting Parties shall consult with each other in the framework of the Joint Committee at the request of any Contracting Party, in accordance with the procedures laid out in Articles 25 and 26.
 - (a) on air transport questions dealt with in international organisations; and
 - (b) on the various aspects of possible developments in relations between Contracting Parties and third countries in air transport, and on the functioning of the significant elements of bilateral or multilateral agreements concluded in this field.
2. The consultations shall be held within one month of the request and as soon as possible in urgent cases.

Article 25

1. The main aims of the consultations provided for in Article 24(a) shall be:
 - (a) to determine jointly whether the questions raise problems of common interest; and
 - (b) depending upon the nature of such problems:

- to consider jointly whether the Contracting Parties’ action within the international organisations concerned should be co-ordinated, or
 - to consider jointly any other approach which might be appropriate.
2. The Contracting Parties shall as soon as possible exchange any information of relevance to the aims described in paragraph 1.

Article 26

In the relationship between Norway or Iceland and an Associated Party the same conditions shall apply as between the European Community and the Associated Party concerned.
2. During the transitional periods the relevant elements of the air transport regime between two Associated Parties shall be determined on the basis of the more restrictive of the two relevant Protocols.
3. The gradual transition of each Associated Party to the full application of the ECAA shall be subject to assessments. The assessments shall be carried out by the European Community in co-operation with the Associated Party concerned. When an Associated Party is satisfied that the conditions for completing a transitional period as set out in the relevant Protocol have been fulfilled, it shall inform the European Community that an assessment should be carried out.
4. If the European Community determines that the conditions are fulfilled it shall inform the Joint Committee and decide thereafter that the Associated Party concerned qualifies for passing to the next transitional period or for full inclusion in the European Common Aviation Area as the case may be.
5. If the European Community determines that the conditions are not fulfilled it shall so report to the Joint Committee. The European Community shall recommend to the Associated Party concerned specific improvements and determine an implementing period within which these improvements can reasonably be implemented. Before the end of the implementing period a second and, if necessary, further assessments shall be made whether the recommended improvements have effectively and satisfactorily been implemented.

Relationship with bilateral air transport agreements and arrangements

Article 28

1. The provisions of this Agreement shall prevail over the relevant provisions of bilateral air transport agreements and/or arrangements in force between the Associated Parties on the one hand and the European Community, an EC Member State, Norway or Iceland on the other hand, as well as between Associated Parties.
2. Notwithstanding paragraph 1, during the transitional periods referred to in Article 27, the provisions concerning ownership, traffic rights, capacity, frequencies, type or change of aircraft, code-sharing and pricing of a bilateral agreement or arrangement in force between an Associated Party and the European Community, an EC Member State, Norway or Iceland or between two Associated Parties shall apply between the Parties thereto if such bilateral agreement and/or arrangement is more flexible, in terms of freedom for the air carriers concerned, than the provisions of the applicable Protocol with respect to the Associated Party concerned.
3. A dispute between an Associated Party and another Contracting Party as to whether the provisions of the Protocol with respect to the Associated Party concerned or the bilateral agreements and/or arrangements are, in view of the full application of the ECAA, more flexible shall be settled in the framework of the dispute settlement mechanism provided for in Article 20 of this Agreement. Disputes on how to determine the relationship between conflicting Protocols shall be settled in the same way.
