Article 12

Execution of requests

1. In order to comply with a request for assistance, the requested authority shall proceed promptly, within the limits of its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Contracting Party, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out. This paragraph shall also apply to any other authority to which the request has been addressed in accordance with this Agreement by the requested authority when the latter cannot act on its own.

Exceptions to the obligation to provide assistance

1. Any form of assistance within the scope of this Agreement may be refused or may be subject to the satisfaction of certain conditions or requirements, in cases where a Contracting Party is of the opinion that assistance under this Agreement would:

In such a case, the requested authority shall consult with the applicant authority to determine if assistance can be given subject to such terms or conditions as the requested authority may require.

3. Where the applicant authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the requested authority to decide how to respond to such a request.

However, if either Contracting Party is required by the laws and regulations of that Contracting Party to disclose information obtained pursuant to this Agreement it shall give notice of any such disclosure to the providing Contracting Party and wherever possible in advance of such disclosure.

Therefore, the Contracting Parties may, in their records of evidence, reports and testimonies and in proceedings and charges which may subsequently be brought before the courts or tribunals use as evidence information obtained and documents consulted in accordance with the provisions of this Agreement.
