Latest on Brexit

The politically charged negotiations on the United Kingdom’s withdrawal from the European Union moved forward a little in July, when the British Cabinet put detailed proposals on the table for the future framework of EU-UK relations. The document, which envisages relatively close ties between the EU and UK, in trade and several other areas, after Britain leaves in March 2019, prompted the resignations of two senior ministers David Davis and Boris Johnson, who favour an even harder Brexit. EU officials have said that the new proposals contain some constructive elements, although many questions remain unanswered.
