1. Adoption of draft agenda

The Bureau,

- noted the draft agenda (PE 595.135/BUR) and adopted it as shown in these minutes.

2. Adoption of the Minutes of the meeting of 21 November 2016

The Bureau,

- approved the Minutes of the Bureau meeting of 21 November 2016 held in Strasbourg (PE 590.403/BUR).

3. Communications by the President

3.1. Tribute to Herwig KAISER

The Bureau,

- heard the President inform that Herwig KAISER, Director-General for Personnel, 58 years old, had died suddenly in the night from 5 to 6 December; Herwig KAISER was an extraordinary man and seldom can so many qualities be found together in one person; he had an impressive sense of humanity, he was cultivated and multi-talented, he had an uncommon sense of precision and of duty, always willing to self-sacrifice for the benefit of the others; no extra time or extra effort were too great for him; as a background, Herwig KAISER was a lawyer but also a theatre director and play writer; he had been for many years an official in the secretariat of the S&D group and became then deputy head of his private office; since 2014 he was Director-General for Personnel, a post to which he had been unanimously appointed by the Bureau;
- observed a minute of silence in the memory of Herwig KAISER.

3.2. Remembrance day for the Holocaust

The Bureau,

- heard the President recall that Parliament organises every year an event on the occasion of the remembrance day for the Holocaust, which falls on 27 January, the day when the Auschwitz concentration camp was liberated; as in 2017 this day falls on a Friday, the event will be moved to Wednesday 25 January; Beate and Serge KLARSFELD have been invited as speakers for their contribution to the work in the search for Nazi criminals and their communication effort on the Holocaust to the younger generations.

3.3. Sanctions to Members for infringements to the Code of Conduct

The Bureau,

- heard the President inform that the Advisory Committee on the Conduct of Members had issued a recommendation to sanction two Members for infringement of the Code of Conduct and that he planned to sanction them with a reprimand; firstly, Mr Udo VOIGT, Member, who has travelled to Syria on the invitation of the regime to undertake a propaganda tour and failed to declare this trip in his declaration of financial interests; he has finally very reluctantly done so, but only after a lengthy correspondence with his legal counsellor, maintaining the view that he is not obliged by the Code of Conduct to declare such a travel; secondly, Mr Béla KÓVACS, Member, for infringing of Article 1 of the Code of Conduct.

A. DECISIONS/EXCHANGE OF VIEWS4. Grants to the political parties and foundations at European level for 2017 grant award - Note from the Secretary-General

The Bureau, with debate,<sup>1</sup>

- took note of the note dated 5 December 2016 from the Secretary-General, concerning the grants to the political parties and foundations at European level for 2017 grant award (PE 595.195/BUR and annexes);
- heard the Secretary-General present the background to the topic mentioning that:
  - further to previous decisions by the Bureau three parties and foundations (MELD, FELD and OEIC) had recently filed for bankruptcy, meaning that, given the advanced payments made by Parliament, approximately EUR 220,000 would be lost since the parties and partners in question were no longer operational - hence the imperative to take risk avoidance measures in future to avoid other similar cases such as with ADDE, APF and CVF which may not be fully compliant with the applicable rules and requirements for financial support;
  - for those parties where the risk analysis, which is foreseen in the Financial Regulation, shows reasons for caution, pre-financing arrangements should be reduced from 80% to 40%, combined with a bank guarantee to mitigate any possible risks;
  - under the related item 5 of the Agenda, the OEIC foundation is now declared bankrupt so the remainder of the 2016 financing should be cancelled and the accounts with OEIC can be quickly closed;

---

<sup>1</sup> The Bureau debated jointly items 4, 5 and 6 of the Agenda.

- under the related item 6 of the Agenda, payments to the IDDE Party should be suspended until further notice due to a link between own resources and contracts with donors in blatant breach of the relevant rules;
- held an exchange of views with Ms GUILLAUME, Ms LUNACEK, Mr LAMBSDORFF, Mr PAPADIMOULIS and Ms McGUINNESS Vice-Presidents who:
- expressed their overall support with the proposed decisions, while thanking and congratulating Parliament's financial services for investigating and rigorously pursuing cases of breaches of the rules, which led to the discovering of these irregularities and the protection of EU funds;
  - welcomed the fact that the relevant rules on party financing are now being enforced and measures taken against those abusing the rules, suggesting that they could go even further with regards to those parties whose eligibility is in doubt, for instance, by reducing pre-financing from 80% to 40% or even by eliminating pre-financing all together;
  - underlined that Parliament should prepare a water-tight legal case in case its decisions are challenged in court;
  - enquired about any follow-up from the Commission to the letter from the President requesting the Commission to take a legislative initiative to deal with the issue of members of the same national party being members of different European parties in order to abuse the rules on party financing;
  - questioned the legitimacy of using EU funds to finance parties fundamentally opposed to EU values or whose sole aim is to destroy the EU;
  - enquire about the possibilities for recovery of lost monies and validity of bank guarantees;

- enquire about progress in the case involving the Austrian Freedom Party whose members were using their credentials to help found several different parties at European level in order to claim funding;
- heard Ms GUILLAUME, Vice-President, specify that the S&D Group was against the funding of the APF and ETN parties and of CFC and Pegasus;
- heard the President note that completely eliminating pre-financing might not be possible, but if there were no legal objections, pre-financing could further be reduced to one third of the amount (33%), instead of 40%, and agree to further pursue the outstanding matter of the multiple membership in European parties of members of the same national party with the President of the European Commission who at a personal level is favourable, but the Commission services are rather reluctant to consider already now the revision of a Regulation, which will enter into force only on 1 January 2017;
- heard the Secretary General confirm that bank guarantees, where required for pre-financing, must be provided by accredited financial institutions with a minimum level of credit rating and that the problems related to respect for EU values had been passed on to the AFCO committee and the European Commission to propose solutions; confirm also that bankruptcy procedures are determined in accordance with national law in the relevant Member State where it occurs;
- approved the award of a grant for 2017 to 16 parties and 15 foundations, as detailed in the note from the Secretary-General, taking into account the result and conclusion of the evaluation;
- approved that for 7 beneficiaries (parties: ADDE, APF, CVF, EUD and foundations: ETN, FP and IDDE), based on the risk analysis, appropriate risk mitigation measures must be applied as pre-condition for the payment of the pre-financing, which should be limited, in these cases, to 33%;

- suspended, additionally, the payment of pre-financing of the 2017 grant for the IDDE foundation due to presumed irregularities until the verification is terminated;
- prolonged the pre-financing payment deadline to 15 January 2017, taking into account the availability of the appropriations from the 2017 budget only from the beginning of the financial year;
- authorised the Secretary General to inform applicants of the decision taken by the Bureau on their applications and instructed the responsible authorising officer by delegation to make the corresponding payment.

5. Termination of the grant to the European political foundation ‘Organisation for European Interstate Cooperation (OEIC)’ - Note from the Secretary-General

The Bureau, with debate<sup>1</sup>,

- took note of a note dated 30 November 2016 from the Secretary-General concerning the termination of the grant to the European political foundation ‘Organisation for European Interstate Cooperation (OEIC)’ (PE 595.179/BUR);
- decided, pursuant to Article II 9.2 of the grant award decision and Article 8 (d) of the Bureau decision of 29 March 2004,
  - to terminate the grant award decision for 2016 to OEIC amounting to EUR 254,395;
  - to initiate the termination procedure of the 2016 grant to OEIC.

---

<sup>1</sup> See joint debate under item 4 above.

6. Grants awarded for 2015 - Suspension of the payment of the final payment to the European political foundation IDDE - Note from the Secretary-General

The Bureau, with debate<sup>1</sup>,

- took note of a note dated 5 December 2016 from the Secretary-General concerning the ‘Grants awarded for 2015 - Suspension of the payment of the final payment to the European political foundation IDDE (PE 595.192/BUR);
- suspended the final payment of EUR 88,924.58 to IDDE until the investigation of the presumed irregularities is terminated.

---

<sup>1</sup> See joint debate under item 4 above.

  - the Bureau is asked to launch the procedure for the filling of the post of Director-General for Personnel;
  - Mr VILLELA, Director-General for DG ITEC, had been provisionally appointed as acting Director-General for DG PERS, in addition to his responsibilities of DG ITEC, in order to ensure the immediate continuity of business;

- took note of the conclusions of the Board of the Konrad Adenauer Building;
- heard Mr SASSOLI, Vice-President, note that the Board of the KAD building, of which he is a member, revised the target cost of the project and suggest instead that, in the interest of transparency, this should be done by the Bureau in cooperation with the Committee on Budgets;

- set the amount of the financial contribution to be granted to the European Parliamentary Association for 2017 at EUR 210,000, subject to the final adoption of the budget;
- instructed the authorising officer to grant the amount so decided to the beneficiary in accordance with Article 3(3) of the above-mentioned rules.

17. Adjustment of Members' General Expenditure allowances and Members' Travel and Subsistence allowances - Note from the Secretary-General

The Bureau, with debate,

- took note of a note dated 30 November 2016 from the Secretary-General concerning the adjustment of Members' General Expenditure allowance and Members' Travel and Subsistence allowances (PE 595.182/BUR and annexes);
- took note of a draft Bureau decision amending the Implementing Measures for the Members' Statute (IMMS) (PE 422.536/BUR/Amending decision 14);
- heard Ms GUILLAUME, Vice-President, note that the very modest increases in some allowances for 2017 (EUR 1 for the daily allowance and EUR 22 for the general expenditure allowance) are of questionable usefulness and request, on behalf of the S&D Group, that these increases be foregone;
- heard Ms LUNACEK, Vice-President:
  - point out that there is no need for the various allowances to be increased on a yearly basis,
  - recall that Parliament's resolution on the 2014 discharge asks for full transparency on the general expenditure allowance and invite the Bureau to follow through on that decision; questioning the long period of inactivity on this matter and calling on the President to submit a proposal to the Bureau;
- heard Mr CZARNECKI, Vice-President, note that this is an important matter in terms of public relations too and wonder if it makes sense at all to proceed with this modest increase;

- heard Mr PAPANIMOU, Vice-President, propose that, should it be possible from a legal point of view, the general expenditure allowance be maintained at the 2016 level so that not to provide ammunition to all sorts of populists;
- heard Mr LAMBSDORFF, Vice-President:
  - point out that the proposed increases are technical adjustments and the figures involved are very low,
  - disagree with Ms LUNACEK's request concerning the general expenditure allowance underlining that it is a flat-rate amount and that reimbursement based on supporting documents would require additional supporting staff per Member to deal with the resulting burden;
- heard Mr WIELAND, Vice-President:
  - agree with Mr LAMBSDORFF on the general expenditure allowance pointing out that it is a flat-rate sum set out in the Members' Statute and its Implementing Measures,
  - underline that the proposed allowance increases for 2017 are technical adjustments and that populists would be delighted (particularly in an election year) by any delay of the decision;
- heard the President:
  - point out that the proposed increases are automatic adjustments stemming from the Members' Statute,
  - underline that the general expenditure allowance is a flat-rate sum and that the Bureau has time and again declined to agree on the defrayal of that allowance being made on the basis of supporting documents, as this would require an important increase in human and administrative resources at a time when the Secretariat-General of the Parliament is forced to carry out staff cuts,

- indicate that DG FINS is currently working on clarifications as to what use can be made of the general expenditure allowance and the Secretary-General will submit proposals to that effect to the Bureau at a forthcoming meeting;
- amended as proposed, following a vote carried by majority, the corresponding Articles<sup>1</sup> of the Implementing measures for the Statute for Members of the European Parliament and mandated the Secretary-General to proceed with the necessary publication in the Official Journal;
- adopted, following a vote, a Bureau decision amending accordingly the Implementing Measures for the Members' Statute (IMMS) to be published in the Official Journal.

---

<sup>1</sup> Article 15(c), Article 20, Article 22(1) and (3), Article 24(2) and Article 26(2).

- took note of a draft Bureau Decision amending the Implementing Measures for the Members' Statute (IMMS) (PE 422.536/BUR/Amending decision 14);
- adjusted the maximum monthly defrayable amount of parliamentary assistance expenses as provided for in Article 33(4) of the Implementing Measures for the Statute for Members of the European Parliament, increasing it to EUR 24,164 with effect from 1 July 2016;
- instructed the Secretary-General to take the necessary action in order to publish the amendment to Article 33(4) of the Implementing Measures for the Members' Statute (IMMS) in the Official Journal and to publish the new earnings or fee ceilings on the intranet website of the European Parliament.

19. Historical Archives of the European Parliament: Annual report 2015 - Note from the Secretary-General

The Bureau, without debate,

- took note of a note dated 30 November 2016 from the Secretary-General concerning the ‘Historical Archives of the European Parliament: Annual Report 2015’ (PE 595.184/BUR and annex);
- took note of the twelfth Annual Report of Parliament’s Historical Archives;
- authorised its distribution and notification to the other institutions and publication on the Parliament’s intranet and website.

20. Opening of the central attendance register on 9 May 2017 - Letter from Mr KARSKI, Chair-in-Office of the Quaestors

The Bureau, without debate,

- noted a letter dated 24 November 2016 from Mr KARSKI, Chair-in-Office of the Quaestors, concerning the opening of the central register on 9 May 2017, which is a public holiday for the European Institutions (PE 595.154/BUR and annex);
- noted that in 2017 the 9 May falls on a Tuesday in the middle of a normal working week (mixed group and committee week) before the May part-session in Strasbourg and there may be commemorative events to attend, including those linked to the official opening of the European House of History;
- decided to authorise, exceptionally, the inclusion of Tuesday 9 May 2017 as a day on which the central register will be open for signing, albeit with a restricted opening time from 10.00 to 16.00, for those Members who will attest their attendance by signature in the Register on the day before (Monday 8 May) and on the day after (Wednesday 10 May);
- agreed to forward its decision to the Quaestors to inform all Members accordingly.

21. IT - Rome - Authorisation to launch a market prospection - Note from the Secretary-General

The Bureau, without debate,

- took note of the Secretary-General's note dated 5 December 2016 concerning authorisation to launch a market prospection relating to the House of Europe in Rome (PE 595.193/BUR);
- approved the launch of a market prospection, to be conducted jointly with the Commission, with the aim of finding a building which fulfils the criteria of a House of Europe, notably in terms of its location, footfall, visibility and the envisaged functionality as well as its rental price, quality of infrastructure, access to persons of reduced mobility, energy performance and public transport access.

22. Report on the activities of the Advisory Committee dealing with harassment complaints between APAs and Members 2014-2016 - Letter from Ms MORIN-CHARTIER, Quaestor and Chair of the Advisory Committee

The Bureau, meeting *in camera*,

- took note of the letter and the report dated 30 November 2016 from Ms MORIN-CHARTIER, Quaestor and Chair of the Advisory Committee dealing with harassment complaints between APAs and Members, concerning the activities of the Advisory Committee in 2014-2016 (PE 595.170/BUR and annex);
- took note of the facts and figures relating to the cases the Committee has dealt with between 2014 and 2016 and the typology of acts of harassment it has encountered;
- took note of the difficulties the Committee has faced during its first full mandate, the solutions it has found and the challenges which still remain in this area, particularly as regards the need for absolute confidentiality, the logistics and the length of the procedures;
- heard Ms MORIN-CHARTIER, Quaestor and Chair of the Advisory Committee dealing with harassment complaints between APAs and Members, present the work of the Committee during these 2,5 years, thank the services involved for their important help, outline the findings and recommendations of the report and note that, as she had been made aware by some members of the Bureau of translation problems, she proposed that the adoption of the report is postponed to the next Bureau meeting in order to allow the services to ensure the linguistic quality and accuracy of all translations;
- decided to postpone the adoption of the report to the next meeting.

Committee missions within the EU, the candidate countries and the EEA countries23. Request for authorisation of STOA missions within the EU, the candidate and the EEA countries for the first semester of 2017 - Letter from Mr RÜBIG, Chair of the STOA Panel

The Bureau, without debate,

- noted the letter dated 14 November 2016 from Mr RÜBIG, Chair of the STOA Panel, requesting authorisation for the following STOA missions in the course of 2017 (PE 590.482/CPG and financial statements):
  - Institut Pasteur, 27 January 2017, Paris, France (up to three Members),
  - European Networks and Information Security Agency (ENISA), 6 to 8 April 2017 (tbc), Heraklion/Athens, Greece (up to three Members),
  - Science and Technology in Society (STS) forum Council meeting, 5 May 2017 (tbc), London (one Member),
  - Zagreb and Dubrovnik, Croatia, 22 to 24 May 2017 (up to three Members),
  - Science on Stage event, 29 June to 2 July 2017, Debrecen, Hungary (up to three Members);
- noted that these missions are further to the six proposed delegations outside the European Union, plus the 12th annual meeting of the Internet Governance Forum (IGF) scheduled for November 2017 to a currently unknown venue;
- noted the substantial increase of STOA missions and delegations over the last few years;
- noted the absence of justification concerning the choice of dates for certain visits (Institut Pasteur, Paris: Friday 27 January 2017; ENISA, Greece: 6-8 April 2017 (tbc) partly coinciding with the Strasbourg part-session);

- approved the visit to Paris, on the condition that it takes place on a date falling within a week set aside for external parliamentary activities;
- noted that ITRE (which is represented in the STOA Panel by six Members) will visit ENISA in week 8 (20-24 February 2017); requested that the two bodies coordinate their programmes to the greatest possible extent, preferably forming a joint mission to ENISA to be held in week 8 with a view to avoiding multiple visits and ensuring cost efficiency; furthermore requested that the same approach be adopted by STOA for any future visits to Agencies which are part of the remit of the committees represented in the STOA Panel;
- approved the mission to London;
- deferred its decision on the proposed visit to Croatia on 22-24 May 2017 (a week set aside for external parliamentary activities), pending justification concerning the programme and in particular the reasons for which the visit has to include not only the capital, Zagreb, but also Dubrovnik;
- noted that the “Science to Stage” event, scheduled from 29 June to 2 July 2017 in Debrecen, Hungary, is a festival organised by “Science on Stage Europe e.V.”, which, according to its website “... *is a network of and for STEM (Science, Technology, Engineering and Mathematics) teachers of all school levels, provides a European platform for the exchange of teaching ideas and highlights the importance of science and technology in schools and among the public*”; noted that the nature of the event in question does not tally with STOA’s primary objective and therefore declined authorisation of the proposed mission.

24. Request from the Committee on International Trade to reschedule its mission to Istanbul and Ankara, Turkey, to week 51, from 19 to 21 December 2016 - Letter from Mr LANGE, Chair of the Committee concerned

The Bureau, without debate,

- noted the letter dated 18 October 2016 from Mr LANGE, Chair of the Committee on International Trade (INTA), requesting authorisation to reschedule its proposed mission (composed of nine Members including himself travelling out-of-quota pursuant to Article 2(3) of the applicable Rules) to Istanbul and Ankara, Turkey, on 19 - 21 December 2016, plus two additional days for travel (PE 595.149/CPG, annexes and financial statement);
- recalled that the mission, initially scheduled for the second semester of 2015, had to be deferred twice, the second time owing to security concerns;
- noted that the dates currently proposed for the mission coincide with a period set aside for external parliamentary activities;
- recalled that, in its resolution on EU-Turkey relations, adopted on 24 November 2016, Parliament called on the Commission and the Member States to initiate a temporary freeze of the ongoing accession negotiations with Turkey, in view of the disproportionate repressive measures taken in Turkey since the failed military coup attempt in July 2016;
- noted the negative recommendation issued by the Conference of Presidents at its meeting of 30 November 2016;
- decided, in view of the current political situation in Turkey, not to authorise the mission at this juncture.

25. Request from the Committee of Inquiry into Money Laundering, Tax Avoidance and Tax Evasion to send a mission to Valetta, Malta, during week 8 (20 to 24 February 2017) - Letter from Mr BUZEK, Chair of the Conference of Committee Chairs

The Bureau, without debate,

- noted the letter dated 28 November 2016 from Mr BUZEK, Chair of the Conference of Committee Chairs, providing additional information on several requests from committees concerning the programme of committee missions within the EU during the first semester of 2017, which includes a request from Mr LANGEN, Chair of the Committee of Inquiry into Money Laundering, Tax Avoidance and Tax Evasion (PANA), for authorisation of an eleven-Member mission (including himself travelling out-of-quota pursuant to Article 2(3) of the applicable Rules) to Valetta, Malta, scheduled for week 8 (duration: one day excluding travel time) (PE 595.153/CPG and financial statement);
- recalled that the request was included in the draft programme of committee missions within the EU during the first semester of 2017 and that, at its meeting of 21 November 2016, the Bureau considered the request, together with other requests from committees for missions to Member States holding or taking over the rotating Council Presidency in 2017 (Malta and Estonia);
- furthermore recalled that the Bureau took the view that visits to these countries were not always justified and that committees should favour meetings with the relevant representatives within the framework of regular committee meetings instead;
- recalled that, in the light of the above, the Bureau, following a recommendation by the Conference of Presidents of 17 November 2016, declined to authorise the PANA mission to Valetta, Malta;
- noted that the dates proposed for the mission coincide with days set aside for external parliamentary activities;

- noted the positive recommendation issued by the Conference of Presidents on 30 November 2016 in the light of additional information provided by PANA;
- granted the requested authorisation.

26. Request from the Committee on Transport and Tourism to send a mission to Vilnius, Lithuania, and Tallinn, Estonia, from 22 to 24 May 2017 - Letter from Mr BUZEK, Chair of the Conference of Committee Chairs

The Bureau, without debate,

- noted the letter dated 28 November 2016 from Mr BUZEK, Chair of the Conference of Committee Chairs, providing additional information on several requests from committees concerning the programme of committee missions within the EU during the first semester of 2017, which includes a request from Mr CRAMER, Chair of the Committee on Transport and Tourism (TRAN), for authorisation of a seven-Member mission (including himself travelling out-of-quota pursuant to Article 2(3) of the applicable Rules) to Vilnius, Lithuania, and Tallinn, Estonia, scheduled from 22 to 24 May 2017, including journey times (a period set aside for external parliamentary activities) (PE 595.153/CPG and financial statement);
- recalled that the request was included in the draft programme of committee missions within the EU during the first semester of 2017 and that, at its meeting of 21 November 2016, the Bureau considered the request, together with other requests from committees for missions to Member States holding or taking over the rotating Council Presidency in 2017 (Malta and Estonia);
- furthermore recalled that the Bureau took the view that visits to these countries were not always justified and that committees should favour meetings with the relevant representatives within the framework of regular committee meetings instead;
- recalled that, in the light of the above, the Bureau, following a recommendation by the Conference of Presidents of 17 November 2016, had declined to authorise the TRAN mission to Vilnius, Lithuania, and Tallinn, Estonia;

- noted the positive recommendation issued by the Conference of Presidents on 30 November 2016 in the light of additional information provided by TRAN;
- granted the requested authorisation.

Public Hearings27. Request from the Committee of Inquiry into Emission Measurements in the Automotive Sector (EMIS) for authorisation of public hearings on 24 January 2017 - Letter from Ms VAN BREMPT, Chair of the Committee concerned

The Bureau, without debate,

- took note of the letter dated 30 November 2016 from Ms VAN BREMPT, Chair of the Committee of Inquiry into Emission Measurement in the Automotive Sector (EMIS), requesting authorisation to hold a public hearing on 24 January 2017, related to the mandate of the Committee (PE 595.160/BUR and financial statement);
- took note that the requested hearing was not included in the programme of committees' public hearings for the first half of 2017, approved by the Bureau on 21 November 2016, and therefore requires a specific individual authorisation under Article 3(3) of the applicable Rules;
- regretted that the EMIS Committee did not submit a draft programme of its hearings for the first half of 2017 and until its term of office, as requested by Article 3(2) of the applicable Rules;
- took note of Rule 198(7) of the Rules of Procedure whereby the travel and accommodation expenses of members and officials of Union institutions and bodies who appear before a committee of inquiry will be borne by those institutions and bodies, whereas travel and accommodation expenses of other persons who appear before a committee of inquiry shall be reimbursed by the European Parliament in accordance with the rules governing hearings of experts;
- recalled that each committee may hear a maximum of sixteen guests each year whose expenses will be covered and noted, therefore, that the EMIS Committee, as

a Committee of Inquiry with a 12-month term of office, may hear sixteen paid guests from the start of its work until the end of this 12-month term of office;

- took note that the requested hearings are expected to take place on a date and time set aside for meetings of the EMIS Committee and that none of the experts will require the reimbursement of expenses;
- granted the authorisation requested under the above mentioned terms and on the understanding that the EMIS Committee will remain within its 12-month term of office quota, as, beyond this ceiling, guests cannot be reimbursed;
- invited the EMIS Committee, pursuant to Article 5 of the applicable Rules, to notify the President, prior to the hearings, of the final programme and the names and capacities of all invited experts.

28. Urgent matters and any other business28.1. Request from the Delegation to the ACP-EU Joint Parliamentary Assembly to authorise the provision of active Polish interpretation for the 32nd Plenary Session of the ACP-EU Joint Parliamentary Assembly in Nairobi, Kenya from 17 to 21 December 2016 – Letter from Mr MICHEL, Chair of the Delegation to ACP-EU Joint Parliamentary Assembly

The Bureau, with debate,

- noted the letter dated 6 December 2016 from Mr MICHEL, Chair of the Delegation to ACP-EU Joint Parliamentary Assembly, requesting authorisation to provide active Polish interpretation for the 32nd Plenary Session of the ACP-EU Joint Parliamentary Assembly in Nairobi, Kenya from 17 to 21 December 2016 (PE 595.215/BUR, annex and financial statement);
- noted that, according to Article 1(b)(i) of the applicable rules, interpretation for the ACP-EU Joint Parliamentary Assembly shall be provided as a general rule in English, French, German, Spanish, Italian and Portuguese, and other languages (such as the language of the Council Presidency) might be considered under exceptional circumstances;
- noted that the letter of the Chair of the Delegation to the ACP-EU Joint Parliamentary Assembly fails to provide any explanations about the exceptional circumstances for the provision of an additional interpretation language in this instance, and Polish is not the language of the current Council Presidency;
- noted that, according to Article 1(b)(i) of the applicable rules, if it is established two weeks before a scheduled meeting that fewer than three Members using any one of the above mentioned six languages will attend, interpretation will not be provided in the language(s) concerned; noted that although, according to the Chair of the Delegation to the ACP-EU Joint Parliamentary Assembly, it was known already on 25 November 2016 that there will be only one Italian and two Portuguese Members attending, passive interpretation in Italian and Portuguese

will still be provided, and an additional request for active Polish interpretation has been submitted;

- noted that although the specific interpretation requirements were known already since 25 November 2016 the Chair of the Delegation to the ACP-EU Joint Parliamentary Assembly wrote only on 6 December 2016 (i.e. more than ten days later) to the President to request a derogation for active Polish interpretation, thus not allowing the Bureau to examine the matter properly, but only as a matter of urgency;
- noted that the overall cost for the provision of interpretation for this meeting will be EUR 228,284, EUR 44,184 of which for the additional active interpretation in Polish;
- held an exchange of views with the participation of Ms LUNACEK, Mr WIELAND and Mr LAMBSDORFF, Vice-Presidents, and the President, who noted that the request for interpretation had been submitted very late, thus further increasing the interpretation costs, and that the relevant rules both for delegation travels and for interpretation might need to be reviewed in the future in order to deal more effectively with such matters;
- authorised exceptionally the request in this instance and asked the Chair of the Delegation to the ACP-EU Joint Parliamentary Assembly to ensure in the future that the Delegation abides by the applicable rules and that any requests for derogation are amply justified and submitted in good time to allow Parliament's governing bodies to examine them properly.

## 28.2. Miscellaneous - Issues raised by Mr PASÇU

The Bureau, with debate,

- heard Mr PASÇU, Vice-President, raise three matters, namely:

- express concerns about the administrative burden in the implementation of the rules on the payment of subsidies to visitors' groups, that the Bureau recently approved;
  - criticise the apparent inflexibility of some of Parliament's services in applying deadlines as one of his assistants was refused the submission of documents for just a three minute delay after the expiry of the deadline at 18.00, but are very permissive when it comes to delay reimbursements of travel expenses for Members, even for 2 months;
  - ask the Secretary-General to examine the matter of a translator who in a letter addressed to him expressed criticism on the content of a written declaration he had tabled;
- took note of the matters raised by Mr PASÇU, Vice-President.
