

Workshop on strengthening the
competitiveness of the internal market by
developing the EU Customs Union and its
governance – EP IMCO

Brussels, 6 September 2018

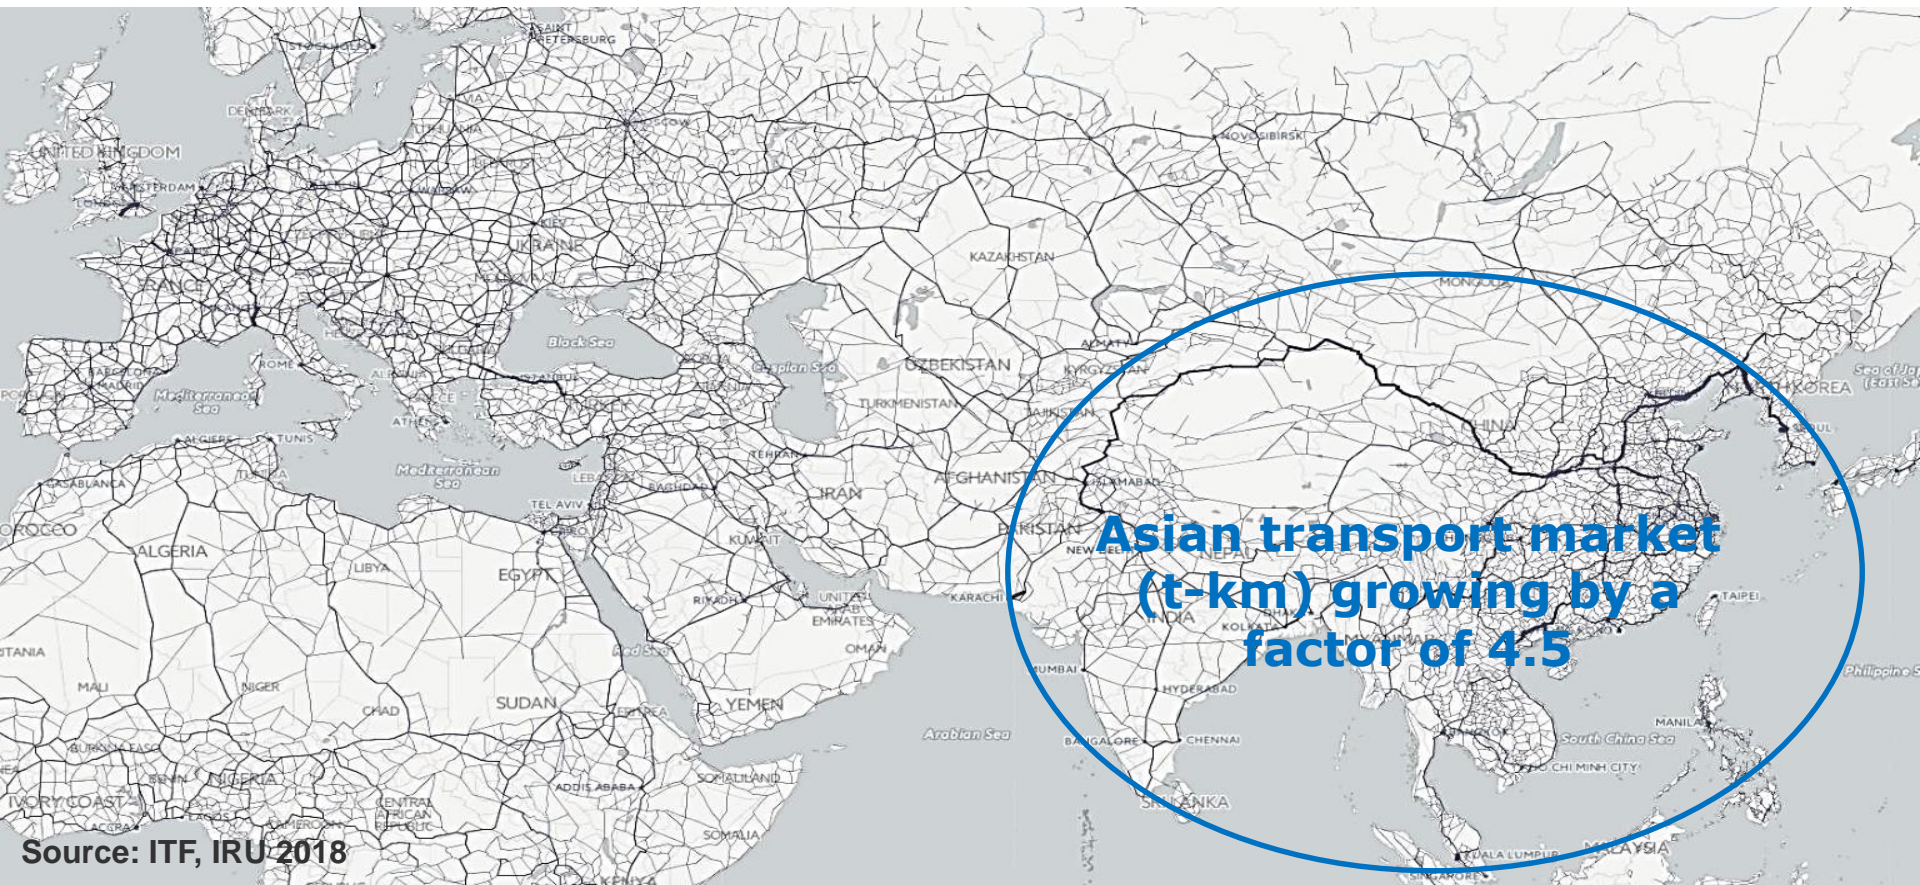

Modal share expectations in 2050

Growth in bln t-km between 2015 and 2050

Trade evolution up to 2050

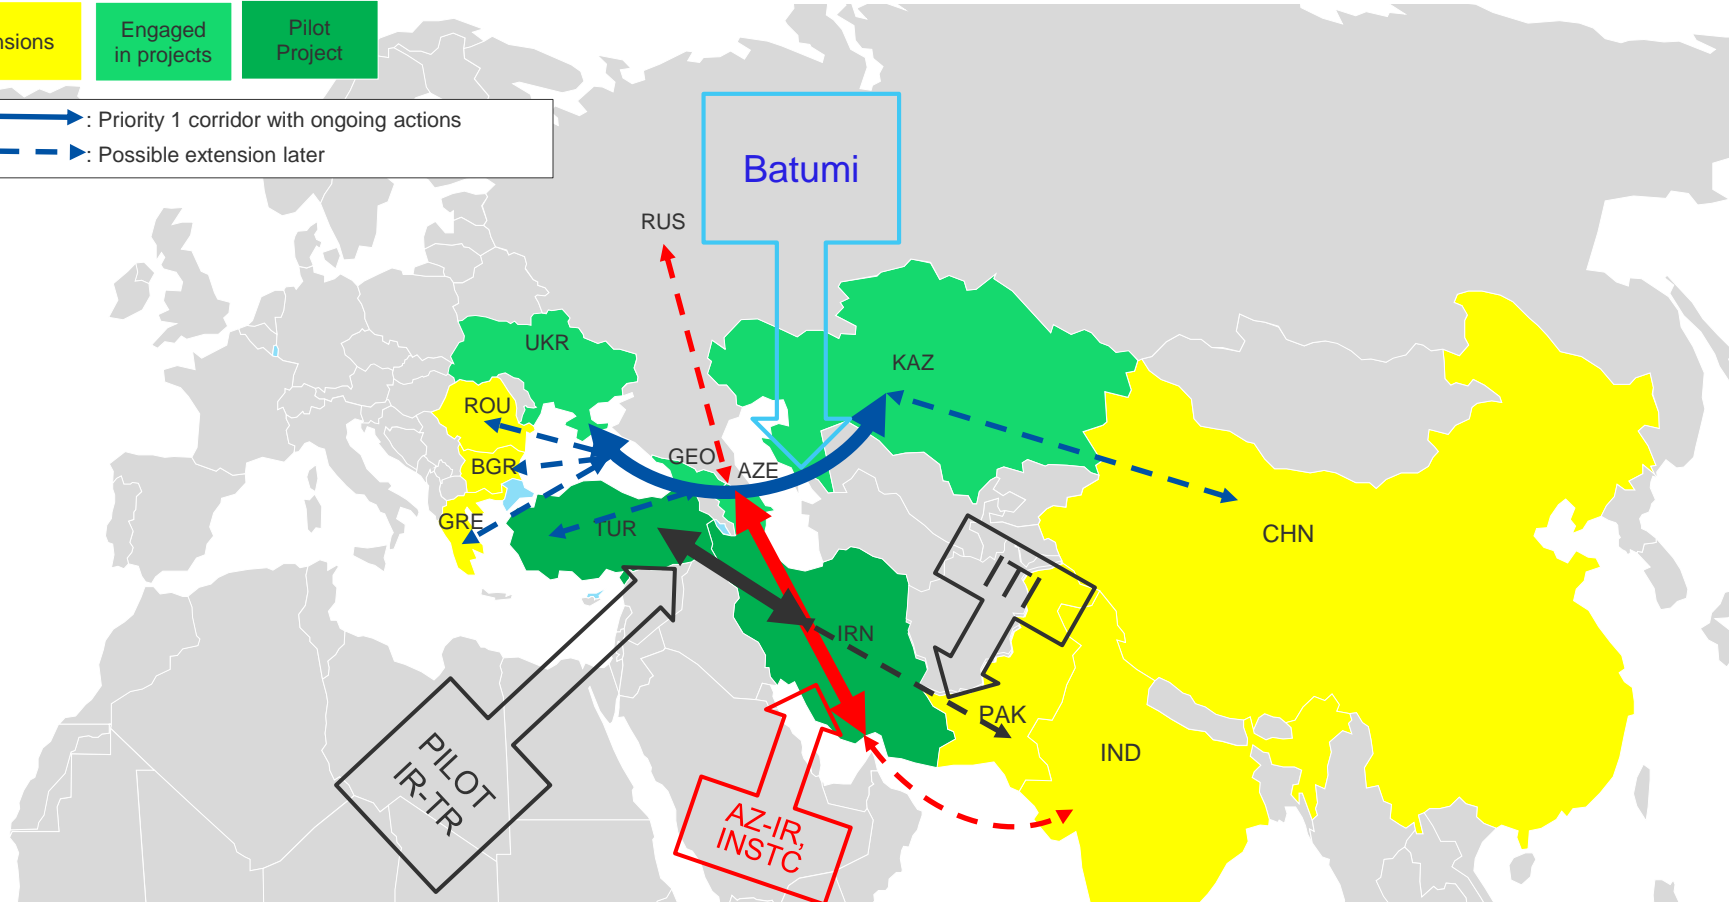

**Asian transport market
(t-km) growing by a
factor of 4.5**

eTIR pilot corridors

Extensions	Engaged in projects	Pilot Project
------------	---------------------	---------------

	: Priority 1 corridor with ongoing actions
	: Possible extension later

TIR and T = Two compatible customs transit systems in NCTS

“No deal” Brexit scenario

- A very disruptive scenario for the industry
- Increased border procedures lead to increased costs
- Digital TIR and T to mitigate damages for the society

IRU World Congress
Innovation on the move

6-8 November 2018
Muscat, Oman
