Mission statement

The mission of the Committee on Budgetary Control is to assure the citizens of the European Union that EU funds are raised and spent effectively and properly and that they are correctly allocated to the tasks which the Union has been asked to perform.

To accomplish this aim the Committee strives to develop a modern, effective and efficient public EU accountability system which can ensure sound implementation of the budget, better governance and clear accountability.

In order to meet these objectives the Committee will carry out its activities in an independent, transparent and objective manner.
