A7-0047/28

**Amendment 28**

**Britta Thomsen, Marita Ulvskog and others**

**Report**

**A7-0047/2014**

**Anne Delvaux, Konrad Szymański**

A 2030 framework for climate and energy policies

COM(2013)0169 – 2013/2135(INI)

**Motion for a resolution**

**Paragraph 2**

*Motion for a resolution*

*Amendment*

*2. Welcomes the Commission's announcement that it will present additional data by the end of this year, for instance on the composition of energy prices in the Member States; calls for this data to be available to end consumers and taken into account in the context of any future policy proposals;*

*2. Regrets that the Commission's communication 'A policy framework for climate and energy in the period from 2020 to 2030' (COM(2014)0015), adopted on 22 January 2014, is short-sighted and unambitious on a number of levels, specifically as regards the lack of national targets for renewable energy and of any meaningful new action to incentivise energy efficiency; notes the Commission's recent communication on energy prices and costs in Europe (COM(2014)0021);*

**Anne Delvaux, Konrad Szymański**

A 2030 framework for climate and energy policies

COM(2013)0169 – 2013/2135(INI)

**Motion for a resolution**

**Paragraph 5**

*Motion for a resolution*

5. Calls on the Commission and the Member States to set a binding EU 2030 target of reducing domestic greenhouse gas emissions by at least **40 %** compared with 1990 levels; considers that the level of ambition must be consistent with a cost-efficient trajectory for meeting the 2°C objective; stresses that such a target should be implemented by means of individual national targets taking into account the individual situation and potential of each Member State;

*Amendment*

5. Calls on the Commission and the Member States to set a binding EU 2030 target of reducing domestic greenhouse gas emissions by at least **50 %** compared with 1990 levels; considers that the level of ambition must be consistent with a cost-efficient trajectory for meeting the 2°C objective; stresses that such a target should be implemented by means of individual national targets taking into account the individual situation and potential of each Member State;

**Amendment 30**

**Britta Thomsen, Marita Ulvskog and others**

**Report**

**A7-0047/2014**

**Anne Delvaux, Konrad Szymański**

A 2030 framework for climate and energy policies

COM(2013)0169 – 2013/2135(INI)

**Motion for a resolution**

**Paragraph 7**

*Motion for a resolution*

7. Calls on the Commission and the Member States to set a binding EU 2030 target of producing at least **30** % of total final energy consumption from renewable energy sources; stresses that such a target should be implemented by means of individual national targets taking into account the individual situation and potential of each Member State;

*Amendment*

7. Calls on the Commission and the Member States to set a binding EU 2030 target of producing at least **40** % of total final energy consumption from renewable energy sources; stresses that such a target should be implemented by means of individual national targets taking into account the individual situation and potential of each Member State;

A7-0047/31

**Amendment 31**

**Britta Thomsen, Marita Ulvskog and others**

**Report**

**A7-0047/2014**

**Anne Delvaux, Konrad Szymański**

A 2030 framework for climate and energy policies

COM(2013)0169 – 2013/2135(INI)

**Motion for a resolution**

**Paragraph 57**

*Motion for a resolution*

57. Notes the importance of complete carbon accounting under the Fuel Quality Directive with a view to reducing the lifecycle greenhouse gas emissions from transport fuels; stresses that the Fuel Quality Directive can play an important role in promoting sustainable biofuels in a 2030 framework for climate and energy policies;

*Amendment*

57. Notes the importance of complete carbon accounting under the Fuel Quality Directive with a view to reducing the lifecycle greenhouse gas emissions from transport fuels; stresses that the Fuel Quality Directive can play an important role in promoting sustainable biofuels in a 2030 framework for climate and energy policies; ***regrets, therefore, the Commission's lack of willingness to ensure the continuation of the Fuel Quality Directive after 2020;***

**Amendment 32**

**Britta Thomsen, Marita Ulvskog and others**

**Report**

**A7-0047/2014**

**Anne Delvaux, Konrad Szymański**

A 2030 framework for climate and energy policies

COM(2013)0169 – 2013/2135(INI)

**Motion for a resolution**

**Paragraph 5 a (new)**

*Motion for a resolution*

*Amendment*

***5a. Agrees that the EU should pledge to meet this greenhouse gas target, as part of the international climate negotiations, in good time before the summit hosted by the UN Secretary General in September 2014, and calls on the European Council to do the same as soon as possible;***
