2014/2221(INI)

**Paragraph 1 a (new)**

*Motion for a resolution*

*Amendment*

***1a. Strongly rejects the European Semester process because it is undemocratic and violates the right of each Member State and its people to decide their policies according to their economic and social situation as well as their rights and aspirations; denounces the fact that this process is aimed at deepening the reduction of wages and pensions, encouraging the exploitation of workers, increasing the retirement age, further privatisation and liberalisation processes, and the destruction of public services and social rights in particular;***
