A8-0005/12/rev

Amendment 12/rev
Beatrix von Storch
on behalf of the EFDD Group

Report
Mady Delvaux
Civil Law Rules on Robotics
2015/2103(INL)

A8-0005/2017

Motion for a resolution
Paragraph 44

Motion for a resolution

Amendment

44. Highlights the importance of foreseeing changes to society, bearing in mind the effect that the development and deployment of robotics and AI might have; asks the Commission to analyse different possible scenarios and their consequences on the viability of the social security systems of the Member States; ***takes the view that an inclusive debate should be started on new employment models and on the sustainability of our tax and social systems on the basis of the existence of sufficient income, including the possible introduction of a general basic income;***

44. Highlights the importance of foreseeing changes to society, bearing in mind the effect that the development and deployment of robotics and AI might have; asks the Commission to analyse different possible scenarios and their consequences on the viability of the social security systems of the Member States; ***recommends that employees who have lost their jobs to robotisation should be offered ongoing training to improve their skills in other areas and sectors and help them find a new job;***

Amendment 13/rev
Beatrix von Storch
on behalf of the EFDD Group

Report
Mady Delvaux
Civil Law Rules on Robotics
2015/2103(INL)

A8-0005/2017

Motion for a resolution
Paragraph 59 – point f

Motion for a resolution

Amendment

(f) creating a specific legal status for robots in the long run, so that at least the most sophisticated autonomous robots could be established as having the status of electronic persons responsible for making good any damage they may cause, and possibly applying electronic personality to cases where robots make autonomous decisions or otherwise interact with third parties independently;
