Motion for a resolution

Amendment

16a. Emphasises that accessible health care and universal respect for and access to sexual and reproductive health and rights, family planning, and access to adequate feminine hygiene products, maternal, prenatal and neonatal health care and safe abortion services are important elements to save women’s lives and contribute to avoiding high-risk births and reducing infant and child mortality; finds it unacceptable that women’s and girls’ bodies, specifically with respect to their sexual and reproductive health and rights, still remain an ideological battleground; calls for the EU and its Member States to
recognise the inalienable rights of women and girls to bodily integrity and autonomous decision-making, and condemns the frequent violations of women’s sexual and reproductive rights, including the denial of access to family planning services, contraceptives and safe and legal abortion services;
