2017/2053(INI)**A8-0041/2018****Motion for a resolution****Paragraph 7***Motion for a resolution*

7. Recalls that the Treaty of Lisbon introduced new provisions regarding the implementing legislation on own resources, providing for the possibility of the Council adopting a regulation by qualified majority after obtaining the consent of Parliament; regrets, however, that several implementing provisions, especially those relating to the calculation of the GNI resources, still remain in the ORD; ***therefore calls for a smoother adoption procedure for the ORD, which should be adopted under the ordinary legislative procedure, implying qualified majority voting within Council and codecision with Parliament; recalls that according to Article 48(7) TEU, the European Council may adopt a decision allowing for acts not falling under the ordinary legislative procedure still to be processed under that procedure, which remains far more democratic and open; calls on the European Council to trigger such a mechanism without delay;***
