Amendment

42. *Considers that the use of the EGF, providing EU solidarity and support to workers losing their jobs as a result of major structural changes in world trade patterns arising from globalisation or as a result of the global economic and financial crisis, has not deployed its full potential and could be further improved and integrated within a long-term strategy, in order to effectively reach redundant workers and reintegrate them into the labour market, in all Member States; considers that the upcoming revision of the EGF should examine its scope and improve its coordination with other instruments; believes that a revised EGF should be endowed with at least an identical annual allocation under the new MFF;* **deleted**
