A8-0475/2018

Motion for a resolution

Paragraph 41

Motion for a resolution

41. Calls for public access to be granted to the above studies, including all supporting data and information relating to applications for authorisation, in a machine-readable format and in their entirety in order to ensure transparency, ***thus allowing for timely independent scrutiny while protecting personal data and ensuring that those who requested the studies can only use them for non-commercial purposes, so as to safeguard the relevant*** intellectual property rights;

Amendment

41. Calls for public access to be granted to the above studies, including all supporting data and information relating to applications for authorisation, in a machine-readable format and in their entirety in order to ensure transparency, ***in full compliance with*** intellectual property rights ***and at an appropriate stage of the approval process***;

Motion for a resolution

Paragraph 43

Motion for a resolution

43. Stresses that scientific peer-reviewed open literature, ***where available, should be given the equivalent weight in the assessment as*** GLP-based studies; ***considers that they*** are both valid as contributions to the assessment and should be weighted according to the relative quality of the studies and their relevance to the application under consideration;

Amendment

43. Stresses that scientific peer-reviewed open literature ***and*** GLP-based studies are both valid as contributions to the assessment and should be weighted according to the relative quality of the studies and their relevance to the application under consideration; ***considers it irrelevant who conducts and funds studies as long as those studies are designed, carried out and reported on in accordance with scientific standards and evaluated based on their scientific merit;***
