A8-0475/2018

Motion for a resolution

Paragraph 21 e (new)

Motion for a resolution

Amendment

21e. Calls on the Commission and the Member States to allocate sufficient funds to public research, to develop and maintain the capabilities and expertise of the public sector, particularly with regard to analysing the potential risks of plant protection products, and to stop promoting public-private partnerships, especially in the field of pesticides and chemical products, because such partnerships strengthen the links between research and industry;

Motion for a resolution

Paragraph 56 a (new)

Motion for a resolution

Amendment

56a. Calls on the Commission to propose amending the Regulation so as to implement an efficient alert system that allows all citizens, farmers, NGOs or researchers to lodge a complaint regarding the illegal or even legal use of a pesticide due to health or other concerns, or to flag up new scientific data that point to concerns regarding products that have already been approved; calls for this alert system to make it mandatory for Member States and EU authorities to investigate the active substance or plant protection product in question immediately, and to carry out a new assessment of the substance or product concerned;
