20. Notes that most Member States use national risk indicators to assess, either entirely or in part, the adverse impact of pesticide use; recalls that in spite of the explicit obligation laid down in Article 15 of the Directive, EU-wide harmonised risk indicators have still not been agreed on by the Member States, which makes it all but impossible to compare the progress made in different Member States and across the Union as a whole; *expects that the harmonised risk indicators, whose establishment is now on the way, will be ready at the beginning of 2019*;

20. Notes that most Member States use national risk indicators to assess, either entirely or in part, the adverse impact of pesticide use; recalls that in spite of the explicit obligation laid down in Article 15 of the Directive, EU-wide harmonised risk indicators have still not been agreed on by the Member States, which makes it all but impossible to compare the progress made in different Member States and across the Union as a whole; *welcomes the adoption, on 25 January 2019, of harmonised risk indicators by the Standing Committee on Plants, Animals, Food and Feed (PAFF Committee)*;

**Amendment 12**
Miriam Dalli
on behalf of the S&D Group

**Report**
Jytte Guteland
Sustainable use of pesticides
(2017/2284(INI))

**Motion for a resolution**
**Paragraph 51**

*Motion for a resolution*

51. *Calls* on the Member States to move forward with the adoption and implementation of harmonised risk indicators as recently proposed by the Commission, in order to properly monitor the reduction impacts of pesticides;

*Amendment*

51. *Welcomes the recent adoption of harmonised risk indicators by the Standing Committee on Plants, Animals, Food and Feed (PAFF Committee) and calls* on the Member States to move forward with the adoption and implementation of harmonised risk indicators as recently proposed by the Commission, in order to properly monitor the reduction impacts of pesticides;
