**Paragraph 4**

*Motion for a resolution*

4. Stresses the need to improve sanitary conditions for the product by harmonising border controls, especially for third-country imports, since low-quality honey imports, adulteration and honey substitutes distort the market and exert constant pressure on prices and the final quality of the product on the EU's internal market; takes the view that the name of **the** product or any graphic or other visual element on the label or on the packaging of **the** product should make reference to honey only if at least 50 per cent of the sugar content originates from honey;

*Amendment*

4. Stresses the need to improve sanitary conditions for the product by harmonising border controls, especially for third-country imports, since low-quality honey imports, adulteration and honey substitutes distort the market and exert constant pressure on prices and the final quality of the product on the EU's internal market; takes the view that the name of **any processed product containing honey as an ingredient** or any graphic or other visual element on the label or on the packaging of **that processed** product should **be allowed to** make reference to honey **in the name of the product** only if at least 50 per cent of the sugar content originates from honey;
