

**Question for written answer E-006138/2014
to the Commission**
Rule 130
Ulrike Lunacek (Verts/ALE)

Subject: Illegally logged timber from Romania

Media reports¹ and research carried out by environmental organisations have revealed that illegally logged timber is coming on to the market in Romania and that the country's timber industry monitoring system is being circumvented, in some cases for fraudulent purposes.

What steps is the Commission taking to ensure that Romania complies with Regulation (EU) No 995/2010 (EU Timber Regulation)?
