Subject: Asbestos: results of surveys conducted by the Italian authorities

With reference to the asbestos emergency in Italy and the implementation of EU legislation in this field:

1. Can the Commission give details of the results of the surveys which it undertook to gather and analyse in its answer to point 1) of written question E-009411/12 (which related in turn to written question E-9222/2010) on the existence of differences between regions of Italy regarding the creation of the exposure to asbestos register and health checks on workers?
2. Can the Commission give details of the results of the clarifications it said it would request in its answer to written question E-002891/2012?
