to the Commission**
Rule 130
Jørn Dohrmann (ECR)

Subject: EU response to the Ebola outbreak

Ebola is affecting countries with very weak healthcare systems. In Liberia alone, the coverage of basic services such as immunisation may have dropped by more than 50 % this year.

1. What is the Commission's assessment on this?
2. Will the EU's investment in response to the Ebola outbreak be able to reinforce the health systems of countries affected, linking emergency operations with longer term recovery?
