Subject: Implementation of the Entrepreneurship and Innovation Programme

Following on from my question No E-008071/2014 about the Entrepreneurship and Innovation Programme (EIP) introduced during the 2007- 2013 financial period and overlapping with the current EU programme for the Competitiveness of Enterprises and Small and Medium-sized Enterprises (COSME), except as regards the innovation schemes recognised under Horizon 2020:

1. What was the geographical breakdown of EIP funding across the Spanish provinces in the 2007- 2013 financial period?
2. Which companies, in Spain and in the EU as a whole, benefitted from the programme and how much money did they receive?
