

**Question for written answer E-009943/2014
to the Commission**

Rule 130

Therese Comodini Cachia (PPE)

Subject: Scientific research

In the light of the fact that the EU has set up a challenging target for the number of additional researchers required by the EU by 2020, and that the number of students undertaking some form of post-secondary scientific studies is relatively low in some Member States, can the Commission say whether it will launch any further campaign, action or event in 2015 to encourage students to further their scientific studies?
