Subject: Closure of the Calçado Campeão Português footwear factory in Guimarães

The Calçado Campeão Português footwear factory in Guimarães, which was set up 59 years ago and has always been renowned for the training it provided for its workers, has decided to close, making 322 workers redundant, in an area that is dominated by the textiles industry and has therefore been suffering high levels of unemployment for some years.

Can the Commission answer the following questions:

1. Has the company received any Community aid? If so, what was this aid granted for and what undertakings did the company make when the aid was granted?
2. What aid can be given to these workers?
