

**Question for written answer E-010570/2014
to the Commission**
Rule 130
Siôn Simon (S&D)

Subject: Support in achieving ammonia reduction targets

What support can the Commission give to UK farmers to help them play their part in reaching the UK's 21 % ammonia reduction target by 2030? Both livestock and arable farming are main sources of ammonia emissions and many small farmers cannot afford to pay for some of the technological alternatives.
