Subject: Disabled access in Moldava

The EU is a pioneer in the matter of disabled access. It is concluding various agreements with the Eastern Partnership countries to promote good practice and stimulate development and economic growth.

Can the Commission state:

1. Are there any plans to cooperate with Moldova over disabled access?
2. If not, will agreements to be negotiated with Moldova in the near future include this issue?
3. Are there any specific measures aimed at exchanging good practice in this field with Moldova?
