Subject: Reform of the Schengen Area

Following the terrible terrorist attacks at *Charlie Hebdo* magazine and a Jewish supermarket in Paris, an increasing number of experts are calling for the Schengen Area to be reformed.

Does the Commission also take the view that the Schengen Area is no longer fit for purpose when it comes to combating terrorism?

What steps will she be proposing to allow Member States to step up internal border controls?

Is she considering any other ways of effecting swift reform of the Schengen Area?
