Subject: VP/HR - Statement by the High Representative on the death of a UNIFIL soldier

In the statement issued by the High Representative on 28 January 2015, reference is made to the need for the 'threats to Israel on its northern border' to stop.

Does the High Representative not think that Israel poses a threat to the southern border of Lebanon?

In the same statement, the High Representative extended her condolences to the families of the Israeli soldiers who died in Lebanon on 28 January, as well as referring to the UNIFIL soldier who was killed by Israeli fire that same day.

Why was the nationality of that soldier, who was Spanish, not mentioned?
