Rule 130

Subject: EU Guidelines on Dual Careers of Athletes

In 2012 the EU expert group on education and training in sport adopted the EU Guidelines on Dual Careers of Athletes. These guidelines include 36 recommendations for action.

Under the new EU work plan for sport, an expert group on human resources management in sport has been established. This expert group is due to publish a report on the state of play regarding the implementation of the EU Guidelines on Dual Careers of Athletes by the first half of 2017.

I look forward to the findings of this report. Nevertheless, ahead of its publication in two years' time, can the Commission already provide information on the concrete actions that have been taken following the adoption of the guidelines, and detail how it monitors and encourages the implementation of those guidelines?
