Subject: Council discussions on proposal for a horizontal directive on equal treatment

The proposal for a horizontal directive on equal treatment (COM(2008)0426) has been the subject of discussion in the Council for more than five years now.

Could the Council provide a detailed overview of the progress achieved so far, indicating which articles have been agreed upon and closed for discussion, and which sticking points remain?

Could the Council provide a detailed timetable for the continued discussion of this proposal, together with a tentative deadline for reaching an agreement among the Member States on a common position?
