

**Question for written answer E-001817/2015  
to the Commission**  
Rule 130  
**Ivan Jakovčić (ALDE)**

Subject: Gambling

Games of chance, sports betting and lotteries are a very lucrative business for the European economy. Unfortunately, however, they often draw in minors, some of whom become addicted to gambling and spend serious money, which they sometimes come by in unacceptable ways.

I ask the Commission; what measures it is taking to curb juvenile gambling?

Is there cooperation with Member States in this matter?
