Subject: Amending Regulation No 810/2009

What reasons led to the Commission omitting from the current proposal for an amendment to Regulation No 810/2009 establishing a Community Code on Visas a draft rule to enable Member States and their consular offices to suspend recognition of Schengen visas issued by the consular authority of another Member State in cases where there are justified suspicions that this consular authority is issuing Schengen visas in conflict with the provisions of the aforementioned regulation?
