

**Question for written answer E-002664/2015
to the Commission**
Rule 130
Urmas Paet (ALDE)

Subject: Rail Baltica

The planned modern rail link Rail Baltica will create a vital connection between Estonia, Latvia, Lithuania and Central Europe which can be used to provide both freight and passenger services.

What is the Commission's assessment of the preparations for the implementation of the project?

As things stand, how much cofinancing can Rail Baltica receive from the EU?

Is the project still on schedule? What are the greatest risks associated with the implementation of the project?
