

**Question for written answer E-002745/2015
to the Commission**
Rule 130
Ivan Jakovčić (ALDE)

Subject: Damage caused by Russian import ban on agricultural products

Several months ago Russia banned the import of agricultural products from the European Union.

Does the Commission have evidence of the damage caused, and what long-term measures does it plan to take to minimise that damage?

Is the Commission aware of the damage suffered by Croatia as a result of the ban?
