Rule 130

Enrico Gasbarra (S&D)

Subject: Response to the EP resolution on human rights in Bangladesh

At its meeting on 18 September 2014, the European Parliament adopted a joint resolution on the human rights situation in Bangladesh, in particular with regard to frequent cases of enforced disappearances and restriction of the freedom of expression and association for opposition groups.

Can the Commission clarify how it has sought to follow up on the Parliament's requests in its representation activities in Bangladesh, in particular with regard to points 7 and 10 of the resolution concerning laws on associations, NGOs and trade unions?
