Rule 130

Javier Couso Permuy (GUE/NGL)

Subject: Right of establishment of companies between the European Union and the former Yugoslav Republic of Macedonia

The Stabilisation and Association Agreement signed between the European Union and the former Yugoslav Republic of Macedonia provides for freedom of establishment for companies and for the economic activities of individuals.

What impact has the liberalisation of the right of establishment had in each of these areas? Does the Commission not agree that this legislation prevents the development of business initiatives of the former Yugoslav Republic of Macedonia, to the detriment of business in the European Union?
