Subject: Fight against tax Fraud

In its resolution of 21 May 2013 on the fight against tax fraud, tax evasion and tax havens, Parliament called on the Commission:

- to adopt a set of criteria to identify tax havens, as well as appropriate measures applying to identified jurisdictions, for implementation by 31 December 2014; and
- to create a public European blacklist of tax havens by 31 December 2014.

The resolution includes a series of provisions concerning jurisdictions that feature on the blacklist and economic operators conducting operations involving entities falling within these jurisdictions.

1. At a time when we are confronted with an endless succession of tax scandals, could the Commission outline the initiatives it has taken as a result of this resolution of Parliament?
2. When will the Commission also announce its immediate priorities in this area?
