

**Question for written answer E-003640/2015  
to the Commission**  
Rule 130  
**Ivan Jakovčić (ALDE)**

Subject: ESA

The European Space Agency (ESA) is testing two European satellites that will serve the needs of global agriculture.

I ask the Commission when the satellites will be launched, what information will be available to farmers, and in what way may it be accessed?
