

**Question for written answer E-003952/2015
to the Commission**

Rule 130

Gabriel Mato (PPE) and Carlos Iturgaiz (PPE)

Subject: Action against drugs in the European Union

One of the set objectives of the EU Drugs Strategy (2013-2020) is a quantifiable reduction in demand for drugs, drug addiction and harm to health and society from drug-related risks.

What measures has the Commission taken within the first four-year action plan to achieve these objectives?

Has there been any quantifiable reduction in these indicators?

What new initiatives is the Commission planning to counter this threat in the EU?
