Rule 130

Subject: Consultation on safety of tourist accommodation services

During 2014 the Commission presented a Green Paper on the Safety of Tourism Accommodation Services. The aim was to launch a public consultation on the subject, to assess whether all safety-related issues are being properly dealt with, whether there is evidence of new risks, and whether means need to be established to deal with the identified problems.

What have been the results of this public consultation and what feedback has the Commission received?

When is the Commission planning to publish the results of this study?
