

**Question for written answer E-004114/2015
to the Commission**
Rule 130
Ernest Maragall (Verts/ALE)

Subject: The EFSI and Horizon 2020

The Juncker Plan – European Fund for Strategic Investments (EFSI) – is underwritten with funds initially earmarked for other purposes, such as the Horizon 2020 and Connecting Europe programmes.

Is there provision for contributions per project type that can compensate for projects lost in other areas with the changes to the budget?

Will a percentage be included, for example, for technological enhancement projects to compensate for lost Horizon 2020 projects?
