

**Question for written answer E-005892/2015
to the Commission**
Rule 130
Andrew Lewer (ECR)

Subject: Future direction of Euronews

Recently it has been revealed that the Commission has opened a strategic dialogue with Euronews over the channel's future direction. As part of this dialogue, will the Commission be reviewing real viewer numbers? Are any verifiable viewing figures available?

How much financial support does the Commission contribute to Euronews annually, and within which areas and activities has an audit been carried out on the use of these funds in previous years?
