Subject: Status of suspension of the EU Adriatic Cross-border Cooperation Programme 2007 - 2013

With respect to the recent suspension of payments by the European Commission under the EU's Adriatic Cross-border Cooperation Programme 2007 – 2013, which is managed by the governing body in the Italian region of Abruzzo, I am asking the following questions on behalf of programme users:

1. What is the nature of this suspension and does the Commission envisage a continuation of the said programme?
2. What measures does the Commission plan to take so that the programme can continue and the irregularities are removed?
