

**Question for written answer E-006331/2015  
to the Commission**  
Rule 130  
**Beatrix von Storch (ECR)**

Subject: Regulation of government bonds and impact on financial stability

1. In the Commission's view, how would abolishing the zero risk weighting assigned to government bonds for regulatory purposes affect the stability of the financial sector?
2. How could the Commission modify the existing legislation in this area?
3. How soon could this be done?
