Subject: Policy Coherence for Development and the EU's migration policy

During a joint DEVE-LIBE exchange of views on the root causes of migration held on 1 April 2015, several MEPs called for measures to boost Policy Coherence for Development in the context of migration policies.

1. What concrete action does the Commission intend to adopt to ensure that EU policies on migration and border control do not violate human rights and do not undermine the development of developing countries?
2. What concrete measures will the Commission take to boost the potential benefits of migration in both recipient countries and countries of origin?
