

**Question for written answer E-006391/2015
to the Commission**
Rule 130
Ivan Jakovčić (ALDE)

Subject: Abortions

In a recent discussion during the plenary session in Strasbourg, one representative claimed that 'in the countries of the Western Balkans we are witnessing abortions because of the unwanted sex of the child'.

Does the Commission know of such cases and what kind of information can it make available to me?
