

**Question for written answer E-006392/2015
to the Commission**
Rule 130
Ivan Jakovčić (ALDE)

Subject: 112

The European emergency number 112 should already have been established in an efficient way. Unfortunately, this did not succeed.

As Croatia is a highly tourist country, I would like to know when the Commission will propose a safe and efficient introduction of the single European number 112?
