to the Commission**
Rule 130
Enrico Gasbarra (S&D)

Subject: Europe 2020 consultation and stakeholder involvement

In its February 2015 communication 'Results of the public consultation on the Europe 2020 strategy for smart, sustainable and inclusive growth', the Commission analyses the results of the public consultation on Europe 2020. The most significant points of the final report on the consultation include the need— stressed by most participants — to improve the strategic focus on achieving the 2020 targets, in particular through a more active role and greater involvement for all stakeholders.

Within the framework of the relative future policy and regulatory action, what steps does the Commission intend to take to meet this important strategy requirement?
