to the Commission**
Rule 130
Franck Proust (PPE)

Subject: Gulf airlines

A report commissioned at the end of February 2015 by three US airlines – American Airlines, Delta Airlines and United Airlines – accuses the Gulf airlines – Emirates, Etihad Airways and Qatar Airways – of being heavily subsidised by their respective States, thus distorting competition.

Further to written question E-003457/2015, will the Commission say whether it also intends to investigate these accusations in greater detail?
