

**Question for written answer E-007290/2015
to the Commission**

Rule 130

José Blanco López (S&D)

Subject: European financing for Pamplona

Since Spain joined the European Union, it has benefited from Community solidarity as one of the main countries receiving Structural Funds and Cohesion Funds.

Continuing from my question E-005993/2014, can the European Commission please provide a breakdown, for each multi-year financing period, of the share of European funds received by the city of Pamplona since Spain joined the EU in 1986?

In addition, could it please provide an estimate of the quantities that the city will receive by way of European solidarity for the 2014/2020 programming period?

What have been and what will be the projects subject to financing or co-financing by the EU?
